Merrill Lynch International

Pillar 3 Disclosure

For the Quarter Ended 30 June 2025

1. Overview and Purpose of Document

This document contains certain Pillar 3 disclosures for the quarter ended 30 June 2025 of Merrill Lynch International ("MLI" or "the Company") and its subsidiaries (together "the Group" or "the MLI Group").

For further information on MLI's risk management objectives and policies, liquidity and asset encumbrance, please refer to the MLI Group Annual Pillar 3 disclosure for the year ended 31 December 2024 on BAC's corporate website:

<http://investor.bankofamerica.com>

1.1 Merrill Lynch International

MLI is a wholly owned subsidiary of Bank of America Europe, Middle East, and Africa ("EMEA") Holdings 2 Limited and Bank of America Jersey Holdings Limited (together, the Jersey Intermediate Holding Companies, or "Jersey IHCs"). MLI's ultimate parent is Bank of America Corporation ("BAC"). MLI is BAC's largest operating subsidiary outside of the US and serves the core financial needs of global corporations and institutional investors.

MLI's head office is in the United Kingdom with branches in Dubai and Qatar along with a representative office in Zurich. MLI is authorized by the PRA and regulated by the FCA and PRA.

As at 30 June 2025, MLI was rated by Fitch Ratings Inc. ("Fitch") (AA / F1+) and Standard & Poor's ("S&P") (A+ / A-1).

1.2 Other Entities

Other entities, although consolidated into the Group, are not separately disclosed in this document on the grounds of materiality.

2. Basis of Preparation

The Basel Capital Accords provide a series of international standards for bank regulation commonly known as Basel I, Basel II and, most recently, Basel III. Basel III was implemented in the European Union ("EU") via the Capital Requirements Directive ("CRD") and the Capital Requirements Regulation ("CRR").

This legislation consists of three pillars. Pillar 1 is defined as 'Minimum Capital Requirement,' Pillar 2 'Supervisory Review Process,' and Pillar 3 'Market Discipline.' The aim of Pillar 3 is to encourage market discipline by allowing market participants to access key pieces of information regarding the capital adequacy of institutions through a prescribed set of disclosure requirements.

MLI disclosures have been designed to meet the current laws, rules and regulations, of which this is primarily made up of the PRA Rulebook, however any reference to an EU regulation, including to Binding Technical Standards and Guidelines, is a reference to the U.K. on-shored version of that regulation, unless otherwise stated.

The information contained in these Pillar 3 disclosures has been prepared in accordance with the requirements of Part Eight of the CRR.

It therefore does not constitute any form of financial statement of MLI or its subsidiaries, or of the wider Enterprise, and as such, is not prepared in accordance with International Financial Reporting Standards ("IFRS") or Financial Reporting Standard 101 'Reduced Disclosure Framework' ("FRS 101"). Therefore the information contained in these disclosures may not be directly comparable with the Annual Report and Financial Statements, and the disclosure is not required to be audited by external auditors.

In addition, the report does not constitute any form of contemporary or forward-looking record or opinion on the Group, the Company or the Enterprise. Although the Pillar 3 disclosure is intended to provide transparent information on a common basis, the information contained in this document may not be directly comparable with the information provided by other banks. Any financial information included herein is unaudited.

The basis of consolidation used for the MLI Group for prudential purposes is the same as the consolidation used for accounting purposes. Figures for the Group are presented on a consolidated basis.

This Pillar 3 disclosure is published on BAC's corporate website: <http://investor.bankofamerica.com>.

3. Disclosure Policy

MLI has adopted a formal policy to comply with the requirements included in the Disclosure (CRR) part of the PRA rulebook, in accordance with Article 431(3). The Merrill Lynch International Pillar 3 Disclosure Policy sets out the internal processes, systems and controls used to verify that the disclosures are appropriate and in compliance with regulatory requirements, and that the disclosures convey MLI's risk profile comprehensively to market participants.

Article 431(3) also requires that at least one member of the management body or senior management shall attest in writing that the disclosures required under the Pillar 3 framework within PRA Rulebook have been made in accordance with the policy and associated internal processes, systems and controls. The written attestation is included below:

Senior Management Attestation

"I attest that the disclosures provided in the MLI Pillar 3 disclosure for the quarter ended 30 June 2025 have been prepared in accordance with the internal processes, systems and controls detailed in the MLI Pillar 3 Disclosure Policy, which has been approved by the MLI Board."

The MLI Pillar 3 Disclosures have been attested by:

UK / CEEMEA Chief Financial Officer

Charles Peters

In the half year ended Q2 2025, total RWA increased by \$36.4 billion. The increase was driven mainly by an increase in RWAs for modelled market risk in the period along with counterparty credit risk exposures from securities financing and derivatives.

The leverage ratio exposure measure increased in the period by \$95.3 billion. This was primarily driven by an increase in securities financing and derivatives exposure and other on-balance sheet exposures in the period.

5. Minimum Requirements for Own Funds & Eligible Liabilities

Firms that are material subsidiaries of a non-UK Global Systemically Important Institution (“G-SII”) per the PRA Rulebook definition are required to hold a minimum amount of MREL. BAC is a non-UK G-SII and MLI meets the definition of material subsidiary and is therefore subject to this requirement.

MREL resources are comprised of qualifying capital resources and eligible liabilities. In order for liabilities that are not capital resources to qualify as eligible, they must meet certain criteria such as having a minimum residual maturity of at least one year and being subordinated to other operating liabilities.

The MLI Group had \$4bn of eligible liabilities in issuance at the end of June 2025 (inclusive of an additional \$1.5bn issued during the quarter). Total MREL resources for the MLI Group is equal to Tier 1 capital plus eligible liabilities issued. Table 2 shows key metrics relating to MREL requirements.

6. Leverage Ratio

MLI has a minimum leverage ratio capital requirement of 3.25%.

MLI manages its risk of excessive leverage through leverage ratio early warning trigger levels. Limits are calibrated in line with legal entity capacity and ensure that leverage exposure remains within MLI's risk appetite. The MLI Group's leverage ratio is 7.11% as at 30 June 2025. Table 4 shows the MLI Group's key metrics relating to the leverage ratio.
