

Duos Technologies Completes Lenel Integration for Enhanced Security Offerings

Company's centraco[®] Receives Certification under the Open Access Alliance Program

JACKSONVILLE, Fla., Sept. 18, 2018 (GLOBE NEWSWIRE) -- Duos Technologies Group, Inc. ("Duos" or the "Company") (OTCQB: DUOT), a provider of intelligent security and analytical technology solutions, has received certification under the Lenel Open Access Alliance Program (OAAP). Duos offers comprehensive security solutions through its praesidium[®] and centraco[®] software platform. With a certified interface to Lenel's OnGuard[®] product, Duos clients benefit from an integrated solution for access control. Lenel is a part of UTC Climate, Controls and Security, a unit of United Technologies Corp. (NYSE: UTX).

The certification of this interface expands the capabilities of the Physical Security Information Management ("PSIM") component of the Duos centraco[®] 3.0 platform. PSIM offers users seamless access controllers paired with any standard card and biometric readers from HID and other manufactures. The centraco[®] platform, acting as an overarching central control interface, enables operators to manage an organization's system-wide door access from a single interface. Duos security offerings have been successfully implemented at government and commercial sites.

Noel Heiks, Duos Technologies' President and COO, stated, "The continuing integration of third-party technologies is an important part of our strategy of maximizing and expanding the capabilities and features of our centraco[®] platform. Our software development focuses on technologies which can drive new business in our identified markets."

The certification by Lenel is a step in the development and integration of the Company's core technologies and is expected to enhance Duos' competitiveness in relevant markets for PSIM.

About Duos Technologies Group, Inc.
