STAMFORD, Conn., Jan. 13, 2020 (GLOBE NEWSWIRE) -- The Lovesac Company (Nasdaq: LOVE) ("Lovesac" or the "Company") today updated its outlook for fiscal 2020 ahead of its participation at the ICR conference.

- Fiscal 2020 net sales growth is expected to be approximately 40%.
- The Company expects an Adjusted EBITDA\* loss in the \$3.0 million to \$4.0 million range for fiscal year 2020.
- Fiscal 2020 GAAP Net Loss is expected to be in the \$15.4 million to \$16.4 million range; Fiscal 2020 Adjusted Net Loss\* is expected to be in the \$14.9 million to \$15.9 million range

*\*Adjusted Net Loss and Adjusted EBITDA are non-GAAP measures and defined below under "Non-GAAP Information."*

Shawn Nelson, Chief Executive Officer, stated, "We expect to deliver full year sales growth of approximately 40%, which is within the guidance range we previously provided. This growth is being driven by our unique and differentiated product offering and the strength of our disruptive, multi-channel model. Adjusted EBITDA\* is expected to be a loss of \$3.0 million to \$4.0 million primarily driven by increased marketing investments as we continue to innovate, test and learn on the marketing front."

Mr. Nelson continued, "We have completed our 17 planned showroom openings for the year for a total showroom count of 90, which is a 20% increase over last year. As we look to fiscal year 2021, we expect to continue to expand our showroom footprint with 20 new showroom openings, or a 22% increase. When combined with our e-commerce platform, pop-up-shops, and Macy's shop-in-shops, this will position us well to continue to expand our market share in fiscal 2021 and beyond, when exciting new product innovations will become an important driver of the business going forward."

As previously announced, the Company will be participating in the ICR Conference, held at the JW Marriott Orlando Grande Lakes in Orlando, Florida. The Company is scheduled to present on Monday, January 13, 2020, at 4:00 p.m. Eastern Time. ## Non-GAAP Information

This press release includes the following financial measures defined as non-GAAP financial measures by the Securities and Exchange Commission (the “SEC”): Adjusted Net Loss and Adjusted EBITDA. Adjusted Net Loss excludes the effect of one-time costs related to the Company’s IPO in June 2018 and fees associated with fundraising and reorganizing activities. We define Adjusted EBITDA as net loss less interest income, plus income tax expense, depreciation and amortization, management fees, deferred rent, equity-based compensation, net (gain) or loss on the disposal of property and equipment, one-time IPO-related expenses, and fees associated with fundraising and reorganizing activities. The Company has reconciled these non-GAAP financial measures with the most directly comparable GAAP financial measures hereunder. The Company believes that these non-GAAP financial measures not only provide its management with comparable financial data for internal financial analysis but also provide meaningful supplemental information to investors. Specifically, these non-GAAP financial measures allow investors to better understand the performance of the Company’s business and facilitate a more meaningful comparison of its actual results on a period-over-period basis. The Company has provided this information as a means to evaluate the results of its ongoing operations. Other companies in the Company’s industry may calculate these items differently than the Company does. Each of these measures is not a measure of performance under GAAP and should not be considered as a substitute for the most directly comparable financial measures prepared in accordance with GAAP, such as net income/loss. Non-GAAP financial measures have limitations as analytical tools, and investors should not consider them in isolation or as a substitute for analysis of the Company’s results as reported under GAAP.
