"Attendees told us that last year's event was extremely successful and we expect this year's event to be even better. Further, the Innovations in Learning Awards are a highlight again this year as we recognize our customers' efforts in e-learning and honor their innovative ideas on linking learning to business goals."

Attendees at the 2012 event will have access to keynote speeches, numerous Learning Sessions and workshops on a wide variety of topics about driving business value through learning. The opening keynote will feature speaker [Benjamin Zander](#), renowned conductor of the Boston Philharmonic Orchestra, who will speak on "The Art of Possibility."
