Skillsoft Receives Continued Recognition as Learning Industry Leader

Skillsoft offerings and customers honored by Workforce Magazine, TrainingIndustry.com, Chief Learning Officer and Training Magazine for exceptional learning solutions and programs

NASHUA, N.H.--(BUSINESS WIRE)-- [Skillsoft](#) today announced that it has been recognized as a top provider of learning solutions by a number of leading publications and organizations in the learning industry. Additionally, Skillsoft customers have been honored for their successful learning programs that drive employee development while achieving larger business objectives. Receiving awards from *Workforce Magazine*, *TrainingIndustry.com*, *Chief Learning Officer* and *Training Magazine* over the past nine months, Skillsoft further solidified its position as a pioneer and innovator in the learning community.

“Our objective is to provide our customers with solutions that cover the broadest spectrum of needs with unrivaled content delivered in a wide variety of ways. Receiving these awards confirms that we’re not only giving customers what they need but also pushing the boundaries of what is possible with learning as we implement new technologies and approaches,” said John Ambrose, Senior Vice President, Strategy and Corporate Development, Skillsoft. “Receiving recognition from some of the most prestigious organizations in the industry is independent validation that we continue to be on the right track.”

Honored as a Top Training Company by *Workforce Magazine*

Skillsoft was included alongside seven other learning providers on *Workforce Magazine*’s most recent “Hot List” of training providers. The compilation highlights providers that best develop and deliver learning programs to help organizations raise employee skill and knowledge levels for the benefit of employee and company performance. Skillsoft was called out specifically for its strength in compliance, desktop skills, IT skills, leadership development, performance management, project management and sustainable learning.
