ALGERNON HEALTH™

Algernon Pharmaceuticals CEO Christopher J. Moreau to Be Featured on Radius Research's Pitch, Deep Dive and Q&A Webinar on April 16th, 2024

VANCOUVER, British Columbia, April 11, 2024 (GLOBE NEWSWIRE) -- Algernon Pharmaceuticals Inc. (the “Company” or “Algernon”) (CSE: AGN) (FRANKFURT: AGW0) (OTCQB: AGNPF), is pleased to invite investors and other interested parties to participate in an upcoming special CEO interview and Q & A session on April 16th, 2024, at 4 PM ET / 1 PM PT, hosted by Market Radius Research.

Martin Gagel of Market Radius Research and CEO Christopher J. Moreau will discuss the recent Ifendprodil transaction with Seyltx and the plans and milestones in store for Algernon's DMT stroke research program in 2024 and beyond.

The webinar will be a live, interactive online event where attendees are invited to ask the CEO questions in real-time, following the interview. An archived webcast will be made available for those who cannot join the event live on the day of the webinar.

Event: Radius Research Pitch, Deep Dive, and Q&A with Algernon Pharmaceuticals (AGN)
Presentation Date & Time: Tuesday, April 16th at 4 PM ET / 1 PM PT

Market Radius is hosted by Martin Gagel, former top-ranked technology analyst. By registering for this webinar, you agree to receive email communications from Market Radius Capital, Inc. and from the presenting company (with unsubscribe). Your email will not be further shared. Martin Gagel and Market Radius Capital, Inc. are not registered or licensed to provide investment advice and may own shares in mentioned companies and may be compensated for these services. Content is for information purposes only and is not advice or recommendations and may include incomplete or incorrect information. Investing entails a high degree of risk. This is a production of Market Radius Capital, Inc.

About Algernon Pharmaceuticals Inc.

Algernon Pharmaceuticals is a Canadian clinical stage drug development company investigating multiple drugs for unmet global medical needs. Algernon Pharmaceuticals is the parent company of a private subsidiary called Algernon NeuroScience, that is advancing a psychedelic program investigating a proprietary form of DMT for stroke and traumatic brain injury and has an active research program for chronic kidney disease.

Algernon recently announced that it closed on its agreement with Seyltx Inc., a privately owned U.S. based drug development company, for the acquisition of Algernon's NP-120 (Ifenprodil) research program for the purchase price of USD $2M cash and a 20% common share equity position in Seyltx.

CAUTIONARY DISCLAIMER STATEMENT: No Securities Exchange has reviewed nor accepts responsibility for the adequacy or accuracy of the content of this news release. This news release contains forward-looking statements relating to product development, licensing, commercialization and regulatory compliance issues and other statements that are not historical facts. Forward-looking statements are often identified by terms such as "will", "may", "should", "anticipate", "expects" and similar expressions. All statements other than statements of historical fact, included in this release are forward-looking statements that involve risks and uncertainties. There can be no assurance that such statements will prove to be accurate and actual results and future events could differ materially from those anticipated in such statements. Important factors that could cause actual results to differ materially from the Company's expectations include the failure to satisfy the conditions of the relevant securities exchange(s) and other risks detailed from time to time in the filings made by the Company with securities regulations. The reader is cautioned that assumptions used in the preparation of any forward-looking information may prove to be incorrect. Events or circumstances may cause actual results to differ materially from those predicted, as a result of numerous known and unknown risks, uncertainties, and other factors, many of which are beyond the control of the Company. The reader is cautioned not to place undue reliance on any forward-looking information. Such information, although considered reasonable by management at the time of preparation, may prove to be incorrect and actual results may differ materially from those anticipated. Forward-looking statements contained in this news release are expressly qualified by this cautionary statement. The forward-looking statements contained in this news release are made as of the date of this news release and the Company will update or revise publicly any of the included forward-looking statements as expressly required by applicable law.
