

Tecogen Announces First Quarter 2021 Results

Net Income of \$1.8 million due to PPP Loan Forgiveness, Reduced Operating Expenses, Improved Margins, and Positive Adjusted EBITDA

WALTHAM, Mass., May 13, 2021 (GLOBE NEWSWIRE) -- via NewMediaWire -- Tecogen Inc. (OTCQX:TGEN), a leading manufacturer of clean energy products, reported net income of \$1.8 million for the quarter ended March 31, 2021 compared to a net loss of \$1.2 million in 2020. The increase in Net Income was primarily due to the forgiveness of our Paycheck Protection Program (PPP) loan, and to a lesser extent, from lower operating expenses and improved gross margins. Revenues for the quarter ended March 31, 2021 were \$6.1 million compared to \$8.0 million for the same period in 2020, a 23.9% decrease. Product and services revenues, in aggregate, were down 25% for the quarter compared to the same period in 2020 primarily due to lower cogeneration unit volume and decreased installation services revenues.

Key Takeaways

- Gross profit for the first quarter of 2021 was \$3.0 million compared to \$2.8 million in the first quarter of 2020. Gross margin improved to 48.7% compared to 35.1% for the same period in 2020.
- Operating expenses decreased by 21% to \$3.1 million for the first quarter of 2021 compared to \$3.9 million in the same period of 2020, primarily due to cost controls, resulting in decreases in payroll and payroll related expenses, lower legal fees and reduced sales commission compared to 2020.
- General and administrative expenses decreased 9% to \$2.5 million. Research and development costs decreased by 65% to \$126 thousand, and selling expenses decreased 40% to \$510 thousand.
- Net income including the PPP forgiveness was \$1.8 million for the first quarter of 2021, compared to a net loss of \$1.2 million for the same period in 2020, an improvement of \$3.0 million.

After excluding a one-time gain from the forgiveness of our Paycheck Protection Program loan of \$1.9 million, Adjusted EBITDA⁽¹⁾ was \$20 thousand for the first quarter of 2021 compared to negative \$817 thousand for the first quarter of 2020. (Adjusted EBITDA is defined as net income or loss attributable to Tecogen, adjusted for interest, income taxes, depreciation and amortization, stock-based compensation expense, unrealized gain or loss on equity securities, goodwill impairment charges and other non-cash non-recurring charges or gains, including abandonment of intangible assets and extinguishment of debt. See table following the statements of operations for a reconciliation from net income (loss) to Adjusted EBITDA, as well as important disclosures about the company's use of Adjusted EBITDA).

In January 2021, Webster Bank, NA confirmed that the Paycheck Protection Program Loan to us on April 17, 2020 pursuant to the Coronavirus Aid, Relief, and Economic Recovery Act, as amended (the "CARES Act"), in the original principal amount of \$1,874,200, together with accrued interest of \$13,659, was forgiven in full as of January 11, 2021.

On February 5, 2021, we obtained a Paycheck Protection Program Second Draw unsecured loan through Webster Bank in the amount of \$1,874,269 pursuant to the CARES Act. The loan is guaranteed by the United States Small Business Administration and the funds will be used for payroll, rent and utilities.

"The first quarter saw the continued impact of COVID-19 on our core business areas. Despite the challenging economic environment, we saw significant improvements in our gross margin and further reductions in our operating expenses," commented Benjamin Locke, Tecogen Chief Executive Officer. "Product sales were down for the quarter but are expected to rebound as we move further into 2021. Our energy production assets are gradually returning to operation as COVID related closures and restrictions are eased, and our service maintenance revenues continue to grow each quarter. We are confident we will continue to see growth in our core business as we strive for profitability in 2021. I invite investors to read our shareholders letter on our website that provides more color on our vision for growth and establishing profitability from operations."

(1) Non-GAAP Financial Measures

In addition to reporting net income, a U.S. generally accepted accounting principle ("GAAP") measure, this news release contains information about Adjusted EBITDA (net income (loss) attributable to Tecogen Inc adjusted for interest, income taxes, depreciation and

amortization, stock-based compensation expense, unrealized gain or loss on investment securities, goodwill impairment charges and other non-cash non-recurring charges including abandonment of certain intangible assets and extinguishment of debt), which is a non-GAAP measure. The Company believes Adjusted EBITDA allows investors to view its performance in a manner similar to the methods used by management and provides additional insight into its operating results. Adjusted EBITDA is not calculated through the application of GAAP. Accordingly, it should not be considered as a substitute for the GAAP measure of net income and, therefore, should not be used in isolation of, but in conjunction with, the GAAP measure. The use of any non-GAAP measure may produce results that vary from the GAAP measure and may not be comparable to a similarly defined non-GAAP measure used by other companies.
