## **Soliton to be Featured on Yahoo Finance's 'The First Trade' Show on May 13, 2019 to Discuss Cellulite Trial Results**

**Interview will be streamed live on Yahoo Finance during the 9:00AM EST hour**

HOUSTON, April 18, 2019 /PRNewswire/ -- Soliton, Inc. (NASDAQ: SOLY) ("Soliton" or the "Company"), a medical device company with a novel and proprietary platform technology licensed from The University of Texas on behalf of the MD Anderson Cancer Center ("MD Anderson"), today announced that its Executive Chairman, Walter Klemp, will give a live interview on Yahoo Finance on Monday, May 13, 2019.

As the Company has previously announced, data from its recently completed proof-of-concept clinical trial to study the safety and efficacy of a new version of its acoustic shockwave device for the treatment of moderate to severe cellulite will be presented to the scientific community at a national aesthetics conference, SCALE 2019 on May 11, 2019. This interview with Yahoo Finance will cover this new data and what it means for Soliton going forward.

"We're pleased to announce that Yahoo Finance has selected us to be featured on their new live streaming network on 'The First Trade' on Monday, May 13, 2019 between 9AM – 10AM ET," commented Walter Klemp, Executive Chairman of Soliton, Inc. "The focus will be to discuss our newly released cellulite clinical trial data. Yahoo Finance has a global audience of more than 90 million users each month and we're excited to have the chance to show the world what the future may have in store for Soliton!"

**About Soliton, Inc.**

Soliton, Inc. is a medical device company with a novel and proprietary platform technology licensed from MD Anderson. The Company's first planned commercial product is designed to use rapid pulses of designed acoustic shockwaves in conjunction with existing lasers to accelerate the removal of unwanted tattoos (RAP device). In addition, higher energy versions of acoustic pulse devices are in early stages of development for potential stand-alone treatment of cellulite and other indications. Both products are investigational and are not available for sale in the United States.
