– Year-to-Date Investments Total \$1.6 Billion –

LOS ANGELES, July 19, 2022 /PRNewswire/ -- Rexford Industrial Realty, Inc. (the "Company" or "Rexford Industrial") (NYSE: REXR), a real estate investment trust focused on creating value by investing in and operating industrial properties located throughout infill Southern California, today announced the acquisition of seven industrial properties for an aggregate purchase price of \$660.9 million. The purchases were funded using a combination of cash on hand, proceeds from forward equity settlements and the Company's line of credit.

"These investments exemplify Rexford Industrial's ability to capitalize upon its proprietary market access and unique regional sharpshooter advantage within infill Southern California, the nation's highest demand and lowest vacancy industrial market. Our \$1.6 billion of investments year-to-date, of which approximately 85% were acquired through off-market or lightly marked transactions, are expected to generate substantially above-market stabilized returns on investment and drive accretive cash flow growth," stated Howard Schwimmer and Michael Frankel, Co-Chief Executive Officers of the Company. "Our pipeline of over \$500 million of additional investments under contract or accepted offer, combined with our low-leverage balance sheet and significant internal growth initiatives, create a deep well of value-creation opportunities positioned to drive long-term value accretion for our shareholders."

In June and July, the Company acquired:

- A six-building industrial project located at 6221 and 6251 Archibald Avenue and 14301, 14319, 14337 and 14326 Limonite Avenue in Eastvale, located within the Inland Empire – West submarket for \$470.0 million, or \$445 per square foot.
