LOS ANGELES, Jan. 9, 2023 /PRNewswire/ -- Rexford Industrial Realty, Inc. (the "Company" or "Rexford Industrial") (NYSE: REXR), a real estate investment trust focused on creating value by investing in and operating industrial properties in Southern California infill markets, today announced operating results, investment and capital markets activity for the fourth quarter and full year 2022.

"As the nation's largest pure-play U.S.-focused industrial REIT, Rexford continues to produce outstanding results that reflect the quality of our entrepreneurial team and our differentiated strategy focused exclusively on creating value within infill Southern California, the nation's highest-demand with lowest-supply industrial market," stated Michael Frankel and Howard Schwimmer, Co-Chief Executive Officers of the Company. "Our high-quality infill portfolio continues to draw diversified tenant demand, enabling our team to execute over 1.3 million square feet of new and renewal leases in the fourth quarter at leasing spreads of 52% on a cash basis and 77% on a GAAP basis. Our proprietary, data-driven acquisition sourcing continues to produce accretive growth opportunities, with \$2.4 billion of investments completed for the full year, 90% of which were acquired through off-market or lightly-marketed transactions. Our existing portfolio contains significant embedded growth through the estimated 72% net effective mark-to-market for rental rates on in-place leases and through the 3.3 million square feet of value-add repositioning and redevelopment projects in-process and in our near-term pipeline. Additionally, with an accretive pipeline of over \$400 million of new investments under contract or accepted offer, the Company is well-positioned with a low leverage, fortress-like balance sheet to continue delivering long term value creation for our shareholders."
