DiaMedica Therapeutics to Participate in the BTIG Virtual Biotechnology Conference

MINNEAPOLIS--(BUSINESS WIRE)-- DiaMedica Therapeutics Inc. (Nasdaq: DMAC), a clinical-stage biopharmaceutical company focused on developing novel treatments for neurological disorders and kidney diseases, today announced that the Rick Pauls, President and Chief Executive Officer, will be available for one-on-one meetings and will participate in a fireside chat at the BTIG Virtual Biotechnology Conference on Monday, August 9, 2021 at 10:00 am ET. Mr. Pauls looks forward to meeting investors to discuss DiaMedica's clinical development programs and business strategy.

If you are interested in arranging a one-on-one meeting or listening to the live event, please contact your BTIG conference representative.

About DiaMedica Therapeutics

DiaMedica Therapeutics is a clinical stage biopharmaceutical company committed to improving the lives of people suffering serious diseases. Our lead candidate DM199 is the first pharmaceutically active recombinant (synthetic) form of the KLK1 protein, an established therapeutic modality for the treatment of acute ischemic stroke (AIS) and chronic kidney disease (CKD). Based on promising early clinical results, we are advancing DM199 in our REMEDY Phase 2/3 trial in the treatment of AIS and completing enrollment in our REDUX Phase 2 trial for the treatment of certain rare and significant unmet causes of CKD. For more information visit our website at www.diamedica.com.
