UiPath Announces the Winners of Americas Partner Awards 2020

Partners recognized for their achievements in growth, innovation, and joint customer success

NEW YORK--(BUSINESS WIRE)-- **#UIPATHREBOOTWORK**--Today at the [Reboot Work Festival](#), leading enterprise [Robotic Process Automation \(RPA\)](#) software company, UiPath, announced the winners of its Americas Partner Awards for 2020. These awards recognize partners who demonstrate consistent innovation and collaboration leading to lasting, sustainable impact on their customers' businesses.

The goal of the UiPath Partner Program is to enable partners to gain a competitive advantage, to grow their business, and to increase profitability. The Company recently introduced the next generation of the [UiPath Automation Platform](#), featuring new low-code capabilities that extend RPA from automating existing tasks to easily creating new business applications fast. These features, along with expanded cloud robot deployment options, are designed to make it faster to deploy enterprise automation solutions that bring people, robots, and systems together. Now, UiPath partners can help customers overcome their growing digital transformation challenges across virtually any environment, from on premises to multiple public clouds.

"Our partner ecosystem gives us the reach to support customers anywhere in the world and the scale to handle even the most ambitious automation initiatives," said Chris Klayko, Senior Vice President Sales, UiPath. "UiPath is a partner-first organization that values its partnerships and continually invests in its partners to enable differentiation, growth, and profitability. We are proud to recognize these Americas partners who have demonstrated a unique ability to deliver immense value to our customers and to grow their own businesses in the process."
