UiPath Reports Third Quarter Fiscal 2022 Financial Results

ARR of \$818 million increased 58 percent year-over-year driven by record net new ARR of \$92 million

NEW YORK--(BUSINESS WIRE)-- UiPath, Inc. (NYSE: PATH), a leading [enterprise automation](#) software company, today announced financial results for its third quarter fiscal 2022 ended October 31, 2021.

“Our continued growth at scale was driven by customers across verticals and geographies who recognize that the power of automation not only increases efficiency, but also drives revenue growth and creates a significant competitive advantage. This increasing awareness of the power of our end-to-end automation platform coupled with strong execution by our team resulted in fiscal third quarter ARR of \$818 million, an increase of 58 percent year-over-year,” said Daniel Dines, UiPath Co-Founder and Chief Executive Officer. “Automation is essential to digital transformation and UiPath is leading the way with our vision to deliver the fully automated enterprise™ where companies use automation to unlock creativity and the full potential of every worker.”

Ashim Gupta, UiPath Chief Financial Officer, added, “I am pleased with our third quarter fiscal 2022 results as ARR grew 58 percent and trailing twelve-month revenue grew 57 percent year-over-year, once again demonstrating our market leadership. Looking ahead, we expect that the innovation we are delivering in UiPath 2021.10, our most recent platform release, coupled with investments in our teams and strategic partnerships will further accelerate customer success and platform adoption. Our focus continues to be on driving long-term, durable growth as we believe that we have the unique opportunity to build a truly multi-generational company.”

Third Quarter Fiscal 2022 Financial Highlights

- **ARR** of \$818.4 million increased 58 percent year-over-year.
- **Net new ARR** of \$91.9 million increased 42 percent year-over-year.
- **Revenue** of \$220.8 million increased 50 percent year-over-year.
- **GAAP gross margin** was 80 percent.
- **Non-GAAP gross margin** was 85 percent.
- **Net cash used in operations** was \$25.4 million.
- **Non-GAAP adjusted free cash flow** was negative \$7.7 million.
- **Cash, cash equivalents, and marketable securities** were \$1.9 billion as of October 31, 2021.

Recent Business Highlights

- **Announced the general availability of UiPath 2021.10** to help customers tackle the

most common issues in the enterprise such as sprawling and disparate applications; applying artificial intelligence (AI) to every facet of work; helping IT with scaling, maintaining, and securing automation; and making it easier for developers to build automations.

- **Named a leader in the inaugural IDC MarketScape: Worldwide Robotic Process Automation Software 2021-2022 Vendor Assessment**, which positions UiPath as a leader for overall technical capabilities and a strong capitalization structure for extending our end-to-end automation platform.
- **Named a Robotic Process Automation (RPA) Leader and Star Performer in the Technology Vendor Landscape for the fifth consecutive year**, according to Everest Group's Robotic Process Automation Products PEAK Matrix® Assessment 2021. UiPath emerged as the only Star Performer who is also a Leader in this year's assessment, which analyzes the changing dynamics of the RPA landscape and assesses 23 service providers across several key dimensions.
- **Announced go-to-market partnership with PwC** to incorporate the UiPath end-to-end automation platform into PwC Perform, a proprietary operational improvement methodology and management system that drives new behaviors to increase effectiveness and efficiency in an organization and improve customer outcomes. By embedding the UiPath Platform, PwC can harness the power and scope of UiPath automation products to speed time-to-value for customers engaged in rapidly advancing digital transformation initiatives.
- **Announced technical partnerships with:**
 - **Alteryx, Inc.**, the analytics automation company, which includes an expansion of the existing strategic partnership and new integrations as part of Alteryx's recent product release making it easier to invoke UiPath bots from within an Alteryx workflow.
 - **CrowdStrike Inc.**, a leader in cloud-delivered endpoint and workload protection, to deliver a new level of security protection and visibility with the UiPath RPA platform and the CrowdStrike Falcon® platform.
 - **Qlik®**, which provides an end-to-end, real-time data integration and analytics cloud platform, to enable Qlik Cloud® analytics users to leverage UiPath automations to drive action and prioritize tasks in downstream applications from directly within Qlik to help organizations in their journey to accelerate business value across the entire data and analytics supply chain.
 - **Snowflake**, the Data Cloud company, that integrates UiPath Insights with Snowflake's platform. This combined offering of UiPath with Snowflake's compute, elastic scaling, and enterprise-grade secure data sharing capabilities provides customers with faster data processing, while enabling them to perform long-term historical analysis to scale their automation journeys.
- **Hosted the world's most immersive gathering of automation experts at UiPath FORWARD IV**, which was held at the Bellagio in Las Vegas and featured more than 90 customer and partner speakers, including from Accenture, Amazon, Atlassian, Chevron, Deloitte, EY, Palo Alto Networks, PwC, and Uber.
- **Expanded its groundbreaking UiPath Academic Alliance program** to more than 1,000 higher education institutions and workforce development organizations. UiPath Academic Alliance institutions have educated more than 245,000 students and professionals on automation in 63 countries through the program in its first two years.
- **Issued its inaugural 2020 Environmental, Social, and Governance (ESG) Overview**, which provides baseline ESG metrics and context related to the Company's

environmental sustainability efforts, commitment to its team members and communities, and corporate governance.

Financial Outlook

For the fiscal fourth quarter 2022, UiPath expects:

- ARR in the range of \$901 million to \$903 million as of January 31, 2022
- Revenue in the range of \$281 million to \$283 million
- Non-GAAP operating income in the range of \$10 million to \$20 million

Reconciliation of non-GAAP operating income guidance to the most directly comparable GAAP measure is not available without unreasonable efforts on a forward-looking basis due to the high variability, complexity and low visibility with respect to the charges excluded from this non-GAAP measure; in particular, the effects of stock-based compensation expense specific to equity compensation awards that are directly impacted by unpredictable fluctuations in our stock price. We expect the variability of the above charges to have a significant, and potentially unpredictable, impact on our future GAAP financial results.

Conference Call and Webcast

UiPath will host a conference call today, Wednesday, December 8, 2021, at 5:00 p.m. Eastern Time, to discuss the Company's third quarter fiscal 2022 financial results and guidance. To access this call, dial 1-201-689-8057 (domestic) or 1-877-407-8309 (international). The passcode is 13724511. A replay of this conference call will be available through December 22, 2021 at 1-201-612-7415 (domestic) or 1-877-660-6853 (international). The replay passcode is 13724511. A live webcast of this conference call will be available on the "Investor Relations" page of the Company's website (<https://ir.uipath.com>), and a replay will be archived on the website as well.

About UiPath

UiPath has a vision to deliver the Fully Automated Enterprise™, one where companies use automation to unlock their greatest potential. UiPath offers an end-to-end platform for automation, combining the leading [Robotic Process Automation](#) (RPA) solution with a full suite of capabilities that enable every organization to rapidly scale digital business operations.

Forward Looking Statements

Statements we make in this press release may include statements which are not historical facts and are considered forward-looking within the meaning of the Private Securities Litigation Reform Act of 1995, which are usually identified by the use of words such as "anticipates," "believes," "estimates," "expects," "intends," "may," "plans," "projects," "outlook," "seeks," "should," "will," and variations of such words or similar expressions.

We intend these forward-looking statements to be covered by the safe harbor provisions for forward-looking statements contained in Section 27A of the Securities Act and Section 21E of the Securities Exchange Act and are making this statement for purposes of complying with those safe harbor provisions.

These forward-looking statements include, but are not limited to, statements regarding our financial guidance for the fourth fiscal quarter and fiscal year-end 2022, our strategic plans or objectives, the estimated addressable market opportunity for our platform and our position in the market, future growth opportunities, the success of our platform and new platform releases, the success of our investment in our personnel and partnerships, the success of our collaborations with third parties, and the ability of our platform to deliver our customers a return on investment. Accordingly, actual results could differ materially or such uncertainties could cause adverse effects on our results. Forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause our actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements. These risks include, but are not limited to, risks and uncertainties related to: (1) our recent rapid growth, which may not be indicative of our future growth; (2) our limited operating history; (3) our ability to successfully manage our growth; (4) our ability and the ability of our platform to satisfy and adapt to customer demands; (5) our dependency on our existing customers to renew their licenses and purchase additional licenses and products from us and our channel partners; (6) our ability to attract and retain customers; (7) the competitive markets in which we participate; (8) general market, political, economic, and business conditions; (9) our ability to maintain and expand our distribution channels; (10) our reliance on third-party providers of cloud-based infrastructure; and (11) the potential impact that the COVID-19 pandemic and any related economic downturn could have on our or our customers' businesses, financial condition and results of operations.

Further information on risks that could cause actual results to differ materially from our guidance can be found in our Quarterly Report on Form 10-Q for the quarterly period ended July 31, 2021 filed with the SEC on September 8, 2021, and in our Quarterly Report on Form 10-Q that will be filed for the quarterly period ended October 31, 2021. Any forward-looking statements contained in this press release are based on assumptions that we believe to be reasonable as of this date. Except as required by law, we assume no obligation to update these forward-looking statements.

Key Performance Metric and Non-GAAP Financial Measures

Annualized Renewal Run-rate (ARR) is a key performance metric we use in managing our business because it illustrates our ability to acquire new subscription customers and to maintain and expand our relationships with existing subscription customers. We define ARR as annualized invoiced amounts per solution SKU from subscription licenses and maintenance obligations assuming no increases or reductions in the subscriptions. ARR does not include the costs we may incur to obtain such subscription licenses or provide such maintenance and does not reflect any actual or anticipated reductions in invoiced value due to contract non-renewals or service cancellations other than for specific bad debt or disputed amounts. Additionally, though we use ARR as a forward-looking metric in the management of our business, it does not include invoiced amounts reported as perpetual licenses or professional services revenue in our consolidated statement of operations, and is not a forecast of future revenue, which can be impacted by contract start and end dates, duration, and renewal rates.

Investors should not place undue reliance on ARR as an indicator of future or expected results. Our presentation of ARR may differ from similarly titled metrics presented by other

companies and therefore comparability may be limited.

This earnings press release includes financial measures defined as non-GAAP financial measures by the SEC, including non-GAAP cost of revenue, non-GAAP gross profit and margin, non-GAAP operating expenses, non-GAAP operating income (loss) and margin, non-GAAP net income (loss) and non-GAAP net income (loss) per share, and non-GAAP adjusted free cash flow. These non-GAAP financial measures exclude:

- stock-based compensation expense;
- amortization of acquired intangibles;
- employer payroll tax expense related to employee equity transactions;
- in the case of non-GAAP net income (loss), tax adjustments associated with the add-back items; and
- in the case of non-GAAP adjusted free cash flow, purchases of property and equipment, capitalization of software development costs, cash paid for employer payroll taxes related to employee equity transactions, and net receipts of employee tax withholdings on stock option exercises.

UiPath uses these non-GAAP financial measures internally in analyzing its financial results and believes they are useful to investors, as a supplement to GAAP measures, in evaluating UiPath's ongoing operational performance. UiPath believes that the use of these non-GAAP financial measures provides an additional tool for investors to use in evaluating ongoing operating results and trends and in comparing its financial results with other companies in UiPath's industry, many of which present similar non-GAAP financial measures to investors. Non-GAAP financial measures are financial measures that are derived from the consolidated financial statements, but that are not presented in accordance with generally accepted accounting principles in the United States (GAAP). We believe these non-GAAP financial measures provide investors with useful supplementary information in evaluating our performance. Investors should consider these non-GAAP financial measures in addition to, and not as a substitute for, our financial performance measures prepared in accordance with GAAP. Further, our non-GAAP information may be different from the non-GAAP information provided by other companies. The information below provides a reconciliation of non-GAAP financial measures used in this press release to the most directly comparable GAAP financial measures. We encourage investors to consider our GAAP results alongside our supplemental non-GAAP measures, and to review the reconciliation between GAAP results and non-GAAP measures that is included at the end of this earnings press release. This earnings press release and any future releases containing such non-GAAP reconciliations can also be found on the Investor Relations page of UiPath's website at <https://ir.uipath.com>.
