TTM Technologies, Inc. Announces Exercise of Over-Allotment Option for \$20 Million of Senior Convertible Notes

SANTA ANA, Calif.--(BUSINESS WIRE)--

TTM Technologies, Inc. (Nasdaq:TTMI) today announced that underwriters have exercised in full their over-allotment option to purchase an additional \$20 million aggregate principal amount of TTM's 3.25% Senior Convertible Notes due 2015 in connection with the previously announced notes offering which closed on May 14, 2008. Including the over-allotment notes purchased, the offering totaled \$175 million aggregate principal amount of notes. The net proceeds from the offering, including the exercise of the over-allotment, were approximately \$169.5 million, after deducting underwriting discounts and estimated expenses.

As previously announced, TTM used a portion of the net proceeds from the sale of additional notes to enter into additional convertible note hedge transactions, which are intended to reduce the potential dilution to TTM's common stockholders upon any conversion of the notes. TTM also entered into additional warrant transactions, which resulted in additional proceeds to TTM. TTM expects to use the remaining net proceeds from the offering for general corporate purposes, including potential acquisitions.
