Mandalay Digital Group, Inc., Partners with Sun Cellular

Leading Philippines Mobile Carrier to Launch Digital Turbine User Experience

LOS ANGELES, Dec. 31, 2012 /PRNewswire/ -- Mandalay Digital Group, Inc. (OTC Markets: MNDL), a leading global mobile data services provider, today announced a partnership with Sun Cellular, a wholly owned subsidiary of Digitel, one of the Philippines' leading mobile telecommunications companies to launch Digital Turbine IQ, a fully integrated user experience and multimedia management interface, on Android smartphones.

Digital Turbine is an innovative, comprehensive and fully-integrated cross-platform user interface and multimedia management system for OEMs which sits atop each of the various operating systems to provide a consistent experience for the user. Digital Turbine allows users to find, consume and manage content like no other experience has before. With its unique ability to manage and find content, create brand pages and leverage its unique IQ search experience, Digital Turbine allows content to come to the consumer rather than the traditional way of the consumer having to find content.

About Mandalay Digital Group

Mandalay Digital Group is at the convergence of internet media content and mobile communications. It delivers a mobile services platform that works with mobile operators and third-party publishers to provide portal management, user interface, content development and billing technology that enables the responsible distribution of mobile entertainment. Mandalay Digital is headquartered in Los Angeles and has offices in Israel and Europe to support global sales and marketing. Mandalay Digital Group Inc. recently announced the acquisition of the global assets of Logia Mobile, a leading mobile content development and management solutions provider.
