

Phunware Launches Mobile Telemedicine Solution for New and Existing Healthcare Customers

AUSTIN, Texas--(BUSINESS WIRE)-- [Phunware, Inc. \(NASDAQ: PHUN\)](#) (the “Company”), a fully-integrated [enterprise cloud platform](#) for mobile that provides products, solutions, data and services for brands worldwide, announced today the launch of a [mobile telemedicine solution](#) for new and existing healthcare customers of its [Multiscreen-as-a-Service \(MaaS\)](#) platform.

The operational response of healthcare organizations to the ongoing coronavirus ([COVID-19](#)) pandemic has accelerated the adoption and utilization of remote services such as telemedicine, according to a recent [AbelsonTaylor survey](#). Telemedicine saw a 106% uptick in adoption, with more than 40% of physicians saying that they used it in March versus only 18% in 2019. In fact, remote conferencing by physicians has increased 58% on average, while office visits have plummeted in parallel, with 60% fewer patients now being seen per week in person. Unfortunately, a [Sage Growth Partners survey](#) found that most healthcare facilities are losing 10% of their annual revenues to patient leakage as patients continue to seek out-of-network services that are increasingly more accessible to them elsewhere due to advancements in innovation.

“Healthcare organizations are being forced to leverage telemedicine in order to stay competitive with their digital transformation initiatives and to address patient concerns about the safety underlying in-person visits in the wake of COVID-19,” said [Randall Crowder](#), COO of Phunware. “Our new solution offers physicians an out-of-the-box telemedicine platform on mobile with streamlined reimbursement that keeps its referrals in-network to help reduce their patient leakage while enhancing their revenues.”

Phunware’s new telemedicine solution is fully compliant with the Health Insurance Portability and Accountability Act (HIPAA) and maintains seamless integrations with many of the most common practice management and electronic health record (EHR) systems. Additional features include:

- Eligibility Checks
- Co-Pay Collection
- Guaranteed Reimbursement
- Automated Patient Workflow
- Patient Notifications
- Customized Clinical Protocols

Safe Harbor Clause and Forward-Looking Statements

This press release includes forward-looking statements. All statements other than statements of historical facts contained in this press release, including statements regarding our future results of operations and financial position, business strategy and plans, and our objectives for future operations, are forward-looking statements. The words “anticipate,” “believe,” “continue,” “could,” “estimate,” “expect,” “expose,” “intend,” “may,” “might,” “opportunity,” “plan,” “possible,” “potential,” “predict,” “project,” “should,” “will,” “would” and similar expressions that convey uncertainty of future events or outcomes are intended to identify forward-looking statements, but the absence of these words does not mean that a statement is not forward-looking.

The forward-looking statements contained in this press release are based on our current expectations and beliefs concerning future developments and their potential effects on us. Future developments affecting us may not be those that we have anticipated. These forward-looking statements involve a number of risks, uncertainties (some of which are beyond our control) and other assumptions that may cause actual results or performance to be materially different from those expressed or implied by these forward-looking statements. These risks and uncertainties include, but are not limited to, those factors described under the heading “Risk Factors” in our filings with the Securities and Exchange Commission (SEC), including our reports on Forms 10-K, 10-Q, 8-K and other filings that we make with the SEC from time to time. Should one or more of these risks or uncertainties materialize, or should any of our assumptions prove incorrect, actual results may vary in material respects from those projected in these forward-looking statements. We undertake no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as may be required under applicable securities laws. These risks and others described under “Risk Factors” in our SEC filings may not be exhaustive.

By their nature, forward-looking statements involve risks and uncertainties because they relate to events and depend on circumstances that may or may not occur in the future. We caution you that forward-looking statements are not guarantees of future performance and that our actual results of operations, financial condition and liquidity, and developments in the industry in which we operate may differ materially from those made in or suggested by the forward-looking statements contained in this press release. In addition, even if our results or operations, financial condition and liquidity, and developments in the industry in which we operate are consistent with the forward-looking statements contained in this press release, those results or developments may not be indicative of results or developments in subsequent periods.
