Phunware Launching “Gather Safe” to Help Existing Customers and Their Employees Return to Work

AUSTIN, Texas--(BUSINESS WIRE)-- [Phunware, Inc. \(NASDAQ: PHUN\)](#) (the “Company”), a fully-integrated [enterprise cloud platform](#) for mobile that provides products, solutions, data and services for brands worldwide, announced today its new [Gather Safe](#) mobile application software to help existing [Multiscreen-as-a-Service \(MaaS\)](#) customers to tech-enable their return-to-work strategies.

[Gather Safe](#) can be implemented either as a stand-alone mobile application portfolio on iOS or Android operating systems or as a software integration into existing iOS and Android mobile applications. In either implementation, the solution will support the Company’s existing MaaS customers as they safely and responsibly bring their employees back to corporate work environments and facilities through the collection, monitoring and evaluation of key data points.

“The world is struggling to establish a new normal as public guidelines, business requirements and social needs continue to evolve,” said [Randall Crowder](#), COO of Phunware. “We are leveraging over a decade of mobile experience to rapidly develop and deploy Gather Safe, so people have the tools they need in a mobile-first world to combat uncertainty, return to work and begin the process of healing in a safer, more responsible way.”

Capabilities of [Gather Safe](#) include, but are not limited to:

- Collect key data points on health, habits and risk among individuals, teams and groups to create health profiles for employees and guests.
- Share profiles and events by contact or custom groups.
- Schedule meetings and review attendee profiles to evaluate leading indicators of health.
- Subject to facility readiness, monitor and trace movements and activities.
- Provide real-time guidance on emerging government and/or corporate policies.
- Manage and enforce social distancing and quarantine policies, including proactive and reactive messaging, reminders and notifications.

Phunware plans to release a stand-alone [Gather Safe](#) mobile application portfolio on iOS and Android in June, which can be used similarly for both personal and professional use across any group, organization, team, class or business.

Safe Harbor Clause and Forward-Looking Statements

This press release includes forward-looking statements. All statements other than statements of historical facts contained in this press release, including statements regarding our future results of operations and financial position, business strategy and plans, and our objectives for future operations, are forward-looking statements. The words “anticipate,” “believe,” “continue,” “could,” “estimate,” “expect,” “expose,” “intend,” “may,” “might,” “opportunity,” “plan,” “possible,” “potential,” “predict,” “project,” “should,” “will,” “would” and similar expressions that convey uncertainty of future events or outcomes are intended to identify forward-looking statements, but the absence of these words does not mean that a statement is not forward-looking.

The forward-looking statements contained in this press release are based on our current expectations and beliefs concerning future developments and their potential effects on us. Future developments affecting us may not be those that we have anticipated. These forward-looking statements involve a number of risks, uncertainties (some of which are beyond our control) and other assumptions that may cause actual results or performance to be materially different from those expressed or implied by these forward-looking statements. These risks and uncertainties include, but are not limited to, those factors described under the heading “Risk Factors” in our filings with the Securities and Exchange Commission (SEC), including our reports on Forms 10-K, 10-Q, 8-K and other filings that we make with the SEC from time to time. Should one or more of these risks or uncertainties materialize, or should any of our assumptions prove incorrect, actual results may vary in material respects from those projected in these forward-looking statements. We undertake no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as may be required under applicable securities laws. These risks and others described under “Risk Factors” in our SEC filings may not be exhaustive.

By their nature, forward-looking statements involve risks and uncertainties because they relate to events and depend on circumstances that may or may not occur in the future. We caution you that forward-looking statements are not guarantees of future performance and that our actual results of operations, financial condition and liquidity, and developments in the industry in which we operate may differ materially from those made in or suggested by the forward-looking statements contained in this press release. In addition, even if our results or operations, financial condition and liquidity, and developments in the industry in which we operate are consistent with the forward-looking statements contained in this press release, those results or developments may not be indicative of results or developments in subsequent periods.
