

Company Overview

ZK International is a leading manufacturer and engineer of high-performance stainless steel products for projects that require sophisticated water or gas pipeline systems. Leveraging its expertise, ZK International caters its products to infrastructure projects by urban planners, real estate developers, local governments and municipalities to bring communities reliable and durable gas and water transmission systems. The Company's products including double-press thin-walled stainless steel tubes and fittings, carbon steel tubes and fittings and single-press tubes and fittings, are sold predominately in China, but are also exported and distributed in Europe and Southeast Asia.
