Flux continues to advance its 'first-mover' leadership as a pioneering provider of lithium-ion battery solutions for forklifts and airport ground service equipment. The Company's lithium-ion "LiFT Pack" battery technology provides an enormous opportunity to optimize supply chains by enhancing productivity, providing faster charging, longer operating times and eliminating battery maintenance while also reducing fixed costs, relative to incumbent lead-acid battery power.

About Flux Power Holdings, Inc. (www.fluxpwr.com)

Flux Power develops advanced lithium-ion batteries for industrial uses, including its first-ever UL 2271 Listed lithium-ion "LiFT Pack" forklift batteries. Flux solutions utilize its proprietary battery management system (BMS) and in-house engineering and product design. Flux batteries deliver improved performance, extended cycle life and lower total cost of ownership than legacy lead-acid solutions. Flux sells primarily to lift equipment OEM's, their dealers and battery distributors. Current products include advanced battery packs for motive power in the lift equipment and airport ground support markets.
