Quantum Announces Pricing of \$90 Million Public Offering of Common Stock

SAN JOSE, Calif., Feb. 4, 2021 /PRNewswire/ -- Quantum Corporation (Nasdaq: QMCO) ("Quantum") today announced the pricing of the previously announced underwritten public offering of 13,138,686 shares of its common stock at a price to the public of \$6.85 per share. All of the shares in the offering are being sold by Quantum. The gross proceeds to Quantum from the offering, before deducting the underwriting discounts and commissions and other offering expenses, are expected to be approximately \$90 million. The offering is expected to close on or about February 8, 2021, subject to customary closing conditions. In addition, Quantum has granted the underwriters a 30-day option to purchase up to an additional 1,970,803 shares of its common stock at the public offering price, less underwriting discounts and commissions. Quantum intends to use all of the net proceeds of the offering to repay a portion of the indebtedness under its senior secured term loan.

B. Riley Securities, Inc. and Oppenheimer & Co. Inc. are acting as joint book-running managers for the offering. Lake Street Capital Markets, LLC, Craig-Hallum Capital Group LLC and Northland Capital Markets are acting as co-managers for the offering.

A shelf registration statement (File No. 333-250976) relating to the shares was previously filed with the Securities and Exchange Commission (the "SEC") and became effective on December 9, 2020. The offering will be made only by means of a written prospectus and prospectus supplement that form a part of the registration statement.
