

CONSHOHOCKEN

About Conshohocken

Conshohocken is a plate-finishing facility located on the Schuylkill River, adjacent to Philadelphia. The area is surrounded by highway and railroad systems that allow for excellent shipping access. Coatesville supplies steel plate to the Conshohocken plant, which operates heat treat, finishing and inspection facilities for steel plate finishing.

About Cleveland-Cliffs

Cleveland-Cliffs is the largest flat-rolled steel producer in North America. Founded in 1847 as a mine operator, Cliffs also is the largest manufacturer of iron ore pellets in North America. The Company is vertically integrated from mined raw materials, direct reduced iron, and ferrous scrap to primary steelmaking and downstream finishing, stamping, tooling, and tubing. The Company serves a diverse range of markets due to its comprehensive offering of flat-rolled steel products and is the largest supplier of steel to the automotive industry in North America. Headquartered in Cleveland, Ohio, Cleveland-Cliffs employs approximately 26,000 people across its mining, steel and downstream manufacturing operations in the United States and Canada.
