Boardwalktech Announces Share for Debt Agreements as Part of Paydowns

Conversion part of Full Loan Paydown

CUPERTINO, Calif., March 10, 2021 /CNW/ - (TSXV: BWLK) (OTCQB: BWLKF) Boardwalktech Software Corp ("Boardwalktech" or the "Company"), the leading Digital Ledger platform and enterprise software applications company, is pleased to announce that it has entered into a Shares for Debt agreement, with its term loan lender SQN Venture Income Fund LP ("SQN"), pursuant to which the Company proposes to issue 2,242,568 common shares at a deemed price per common share of US\$0.660 to settle US\$1,480,095.46 of principal indebtedness (the "SQN Transaction").

This SQN Transaction is part of Boardwalktech's larger agreement to fully pay off all debt obligation to SQN, to further improve the Company's working capital. This combination of debt conversion and payoff had been discussed prior to, but now accelerated as a result of the Company's recently completed financing, to further improve the Company's balance sheet.

The shares for debt transaction involving SQN will, by virtue of the fact SQN is an insider of the Company, constitute a "related party transaction" under Multilateral Instrument 61-101 - Protection of Minority Securityholders in Special Transactions ("MI 61-101"). The Company intends to rely on the exemptions from the valuation and the minority approval requirements of MI 61-101 provided for in subsections 5.5(a) and 5.7(a) of MI 61-101, respectively, as the fair market value of the subject of, and the consideration paid in the SQN Transaction, will not represent more than 25% of the Company's market capitalization, as determined in accordance with MI 61-101. The participation by SQN in the SQN Transaction has been approved by directors of the Company who are independent in connection with the SQN Transaction. No special committee was established in connection with the SQN Transaction, and no materially contrary view or abstention was expressed or made by any director of the Company in relation thereto. Further details will be included in a material change report that will be filed by the Company in connection with the completion of the SQN Transaction. The Company anticipates that the material change report will be filed less than 21 days before the closing date of the SQN Transaction, but believes that this shorter period is reasonable and necessary in the circumstances as the Company wishes to improve its financial position by reducing its accrued liabilities as soon as possible.

Company Executes Other Share for Debt Arrangements with Interested Vendors

Concurrent with the SQN Transaction, the Company also executed separate Share for Debt agreements with two business parties who expressed interest in taking part of outstanding trade payables owed to them in the form of Shares. These parties included:

- Viewstream.com Inc, a marketing partner: 34,375 shares to satisfy \$20,625 owed; and
- 4Casting Systems Inc., a business services contractor: 64,285 shares to satisfy

\$45,000 owed; and,

Each of these proposed Share for Debt agreements is subject to the approval of the TSX Venture Exchange. The common shares issued pursuant to the Shares for Debt Settlement will be subject to a four month hold period from the date of issuance.
