Logan University Establishes The Joint Chiropractic Endowed Scholarship

ST. LOUIS, April 2, 2024 /PRNewswire/ -- [Logan University](#) and [The Joint Corp.](#) are proud to establish The Joint Chiropractic Endowed Scholarship for Logan's Doctor of Chiropractic students. This scholarship is aimed at supporting and empowering Logan's exceptional students in their pursuit of higher education. [The Joint Corp.](#) is the nation's largest provider of chiropractic care through *The Joint Chiropractic*® network.

"Logan University is thrilled to offer its Doctor of Chiropractic students a new scholarship opportunity, with the help from The Joint Corp.," said Clay McDonald, DC, MBA, JD, Logan University president. "We are tremendously grateful for the dedicated support of The Joint Corp. as we partner on this important effort to provide financial resources to deserving students."

This annual scholarship is the largest gift The Joint Corp. has made to any nonprofit. The fundamental purpose of an endowed scholarship is to provide much needed tuition assistance for generations of students. The Joint Chiropractic Endowed Scholarship will award \$10,000 annually to a student who demonstrates academic achievement and a passion for chiropractic and quality patient care. The first scholarship is set to be awarded in 2026.

"For 25 years, The Joint has been on a mission to improve quality of life through routine and

affordable chiropractic care," said Peter D. Holt, president and CEO The Joint Corp. "As champions of chiropractic, The Joint Chiropractic Endowed Scholarship is our way of supporting the profession and greater community, as well as investing in the future of Logan University's doctors of chiropractic."

With the ever-rising costs of education, scholarships are essential to dedicated students and their pursuit of earning a doctoral degree. The Joint Corp. collaboration is another testament to Logan's ability to attract high-achieving students and graduate confident, competent and practice-ready practitioners.
