ALHAMBRA, Calif., May 7, 2026 /PRNewswire/ -- Astrana Health, Inc. ("Astrana," and together with its subsidiaries and affiliated entities, the "Company") (NASDAQ: ASTH), a physician-centric, technology-enabled healthcare company empowering providers to deliver accessible, high-quality, and high-value care to all, today announced its consolidated financial results for the first quarter ended March 31, 2026.

 Astrana Health

"We had a strong start to 2026, delivering disciplined growth, strong medical cost performance, continued operating leverage, and early performance from new full-risk contracts in line with our expectations," said Brandon Sim, President and Chief Executive Officer of Astrana Health. "In an increasingly dynamic healthcare environment, we believe advantage will accrue to organizations that can integrate care delivery, data, and financial accountability into a single operating system. Astrana has built exactly that: a proprietary healthcare operating platform that enables us to embed AI and workflow orchestration directly into clinical and operational workflows across the enterprise. Combined with our longitudinal patient relationships and data continuity, our infrastructure allows us to translate AI into durable clinical and economic value while continuing to improve patient outcomes, operating efficiency, and scalability. We believe Astrana is well positioned to continue widening that advantage over time."

## Financial Highlights for First Quarter Ended March 31, 2026:

<b>Adjusted EBITDA</b>	<b>\$ 250,000</b>	<b>\$ 280,000</b>

The Company has not provided a quantitative reconciliation of EBITDA and Adjusted EBITDA for the quarter ending June 30, 2026 to the most comparable GAAP measure on a forward-looking basis within this press release because the Company is unable, without unreasonable efforts, to provide reconciling information with respect to certain line items that cannot be calculated for the three month period. These items, which could materially affect the computation of forward-looking GAAP net income, are inherently uncertain and depend on various factors, some of which are outside of the Company's control.

## Guidance Reconciliation of Net Cash Provided by Operating Activities to Free Cash Flow

<i>(in thousands)</i>	Year Ending December 31, 2026	
	Guidance Range	
	Low	High
Net cash provided by operating activities	\$ 125,000	\$ 145,000
Cash used in purchases of property and equipment	(20,000)	(12,500)
<b>Free cash flow</b>	<b>\$ 105,000</b>	<b>\$ 132,500</b>

## **Use of Non-GAAP Financial Measures**

This press release contains the non-GAAP financial measures EBITDA, Adjusted EBITDA, Adjusted EBITDA margin, adjusted net income attributable to Astrana, and adjusted EPS - diluted, of which the most directly comparable financial measure presented in accordance with U.S. generally accepted accounting principles ("GAAP") is net income. This press release also contains the non-GAAP financial measure free cash flow, of which the most directly comparable financial measure presented in accordance with U.S. GAAP is net cash provided by operating activities. These measures are not in accordance with, or alternatives to, GAAP, and may be calculated differently from similar non-GAAP financial measures used by other companies. We use Adjusted EBITDA, Adjusted EBITDA margin, adjusted EPS - diluted, and free cash flow as supplemental performance measures of our operations, for financial and operational decision-making, and as supplemental means of evaluating period-to-period comparisons on a consistent basis and, for free cash flow, to reflect the cash flow trends in our business. Adjusted EBITDA is calculated as earnings before interest expense, interest income, income taxes, depreciation, and amortization, excluding income or loss from equity method investments, non-recurring and non-cash transactions, and stock-based compensation. We define Adjusted EBITDA margin as Adjusted EBITDA over total revenue. Adjusted net income attributable to Astrana is calculated as net income, excluding income or loss from equity method investments, non-recurring and non-cash transactions, stock-based compensation, amortization of intangible assets attributable to acquisitions, certain tax adjustments, and amounts related to net income or loss attributable to non-controlling interests. We define adjusted EPS - diluted as adjusted net income attributable to Astrana over weighted average shares of common stock outstanding - diluted. We define free cash flow as net cash provided by operating activities minus cash used in purchases of property and equipment.

We believe the presentation of these non-GAAP financial measures provides investors with relevant and useful information, as it allows investors to evaluate the operating performance of the business activities without having to account for differences recognized because of non-core or non-recurring financial information. When GAAP financial measures are viewed in conjunction with non-GAAP financial measures, investors are provided with a more meaningful understanding of our ongoing operating performance. In addition, these non-GAAP financial measures are among those indicators we use as a basis for evaluating operational performance, allocating resources, and planning and forecasting future periods. Non-GAAP financial measures are not intended to be considered in isolation, or as a substitute for, GAAP financial measures. Other companies may calculate EBITDA, Adjusted EBITDA, adjusted net income attributable to Astrana, adjusted EPS - diluted, and free cash flow differently, limiting the usefulness of these measures for comparative purposes. To the extent this press release contains historical or future non-GAAP financial measures, we have provided corresponding GAAP financial measures for comparative purposes. The

reconciliations between certain GAAP and non-GAAP measures are provided above.
