(1) Sales are based on reports for the trailing 12 months by retailers which have occupied outlet center stores for a minimum of 12 months. Sales per square foot are based on all stores less than 20,000 square feet in size. Centers are ranked by sales per square foot for the trailing twelve months ended December 31, 2019.

(2) Outlet centers included in each ranking group above are as follows (in alphabetical order):

Centers 1 - 5:	Deer Park, NY	Mebane, NC	Rehoboth Beach, DE	Riverhead, NY	Sevierville, TN
Centers 6 - 10:	Branson, MO	Charleston, SC	Glendale, AZ (Westgate)	Lancaster, PA	Myrtle Beach Hwy 17, SC
Centers 11 - 15:	Atlantic City, NJ	Hershey, PA	Hilton Head I, SC	Locust Grove, GA	Pittsburgh, PA
Centers 16 - 20:	Gonzales, LA	Grand Rapids, MI	Mashantucket, CT (Foxwoods)	San Marcos, TX	Savannah, GA
Centers 21 - 26:	Foley, AL	Fort Worth, TX	Hilton Head II, SC	Howell, MI	Myrtle Beach Hwy 501, SC
Centers 27 - 32:	Blowing Rock, NC	Commerce, GA	Daytona Beach, FL	Jeffersonville, OH	Terrell, TX
					Southaven, MS Tilton, NH

(3) Based on the Company's forecast of 2020 Portfolio NOI (see non-GAAP definitions), excluding centers not yet stabilized (none). The Company's forecast is based on management's estimates as of December 31, 2019 and may be considered a forward-looking statement which is subject to risks and uncertainties. Actual results could differ materially from those projected due to various factors including, but not limited to, the risks associated with general economic and real estate conditions. For a more detailed discussion of the factors that affect operating results, interested parties should review the Tanger Factory Outlet Centers, Inc. Annual Report on Form 10-K for the year ended December 31, 2018, and December 31, 2019, when available.

(4) Includes domestic outlet centers open 12 full calendar months (in alphabetical order):

Unconsolidated:	Charlotte, NC	Columbus, OH	National Harbor, MD	Texas City, TX (Galveston/Houston)
-----------------	---------------	--------------	---------------------	------------------------------------

(5) Includes consolidated portfolio and domestic unconsolidated joint ventures

Total additions to rental property-cash basis	\$ 47,885	\$ 64,253

Leasing Activity

The tables below show changes in rent (base rent and common area maintenance ("CAM")) for leases including remerchandising projects in the consolidated portfolio for new stores that opened or renewals that started during the respective trailing twelve month periods:

Re-tenant ⁽¹⁾						
Trailing twelve months ended:	# of Leases	Square Feet (in 000's)	Average Annual Straight-line Rent (psf)	Average Tenant Allowance (psf) ⁽²⁾	Average Initial Term (in years)	Net Average Annual Straight-line Rent (psf) ⁽³⁾
12/31/2019	113	460	\$ 38.93	\$ 43.48	7.89	\$ 33.42
12/31/2018	92	431	\$ 32.40	\$ 50.19	7.81	\$ 25.97

Renewal ⁽¹⁾						
Trailing twelve months ended:	# of Leases	Square Feet (in 000's)	Average Annual Straight-line Rent (psf)	Average Tenant Allowance (psf) ⁽²⁾	Average Initial Term (in years)	Net Average Annual Straight-line Rent (psf) ⁽³⁾
12/31/2019	224	1,064	\$ 31.91	\$ 0.59	3.54	\$ 31.74
12/31/2018	281	1,398	\$ 31.65	\$ 0.22	3.66	\$ 31.59

Total ⁽¹⁾						
Trailing twelve months ended:	# of Leases	Square Feet (in 000's)	Average Annual Straight-line Rent (psf)	Average Tenant Allowance (psf) ⁽²⁾	Average Initial Term (in years)	Net Average Annual Straight-line Rent (psf) ⁽³⁾
12/31/2019	337	1,524	\$ 34.03	\$ 13.54	4.85	\$ 31.24
12/31/2018	373	1,829	\$ 31.83	\$ 11.99	4.64	\$ 29.25

(1) Represents change in rent (base rent and CAM) for all leases for new stores that opened or renewals that started during the respective trailing twelve month periods within the consolidated portfolio, except for license agreements, seasonal tenants, and month-to-month leases.

(2) Includes other landlord costs.

(3) Net average straight-line base rent is calculated by dividing the average tenant allowance costs per square foot by the average initial term and subtracting this calculated number from the average straight-line base rent per year amount. The average annual straight-line base rent disclosed in the table above includes all concessions, abatements and reimbursements of rent to tenants. The average tenant allowance disclosed in the table above includes other landlord costs.

(1) In connection with the adoption of ASC 842 on January 1, 2019, rental revenues includes base rentals, percentage rentals, and expense reimbursements for all periods presented. Additionally, for the three months and year ended December 31, 2019, rental revenues is presented net of uncollectible tenant revenues and includes a straight-line rent adjustment of \$1.5 million and \$6.4 million, respectively, to record contractual payments received as consideration from certain executory costs on a straight-line basis.

(2) Upon adoption of ASC 842, expense reimbursements from joint ventures of \$745,000 and \$2.5 million, respectively, previously included in expense reimbursements for the three months and year ended December 31, 2018, which are not related to leases, have been reclassified to management, leasing and other services on the consolidated statements of operations to conform to the current year presentation.

(3) Upon adoption of ASC 842, indirect internal leasing costs previously capitalized are now expensed. For the three months and year ended December 31, 2019, lease costs of approximately \$1.5 million and \$4.9 million, respectively, were expensed as general and administrative expenses which would have been capitalized under the previous accounting standard.

(4) The year ended December 31, 2019 includes \$4.4 million related to the accelerated recognition of compensation cost entitled to be received by the Company's former President and Chief Operating Officer per the terms of a transition agreement executed in connection with his retirement.

(5) The year ended December 31, 2019 includes a \$3.6 million charge related to the foreign currency effect of the sale of the Bromont, Quebec property by the RioCan Canada joint venture.

Components of Rental Revenues (in thousands)

As a lessor, substantially all of our revenues are earned from arrangements that are within the scope of Accounting Standards Codification Topic 842 "Leases" ("ASC 842"). We utilized the practical expedient in ASU 2018-11 to account for lease and non-lease components as a single component which resulted in all of our revenues associated with leases being recorded as rental revenues on the consolidated statements of operations. As a result of the adoption of ASC 842, the amounts disclosed in 2018 as base rentals, percentage rentals and expense reimbursements have been combined into rental revenues on the consolidated statements of operations to conform to the current year presentation. In addition, certain amounts previously included in expense reimbursements in 2018, which are not related to leases, have been reclassified to management, leasing and other services on the consolidated statements of operations. Also, uncollectible tenant revenues were previously recorded in general and administrative expenses in 2018 and for the three months and year ended December 31, 2019 are recorded in rental revenues as a contra-revenue account. As a result of combining all components of a lease, all fixed contractual payments, including consideration received from certain executory costs, are now recognized on a straight-line basis. For the three months and year ended December 31, 2019, we recorded an adjustment of \$1.5 million and \$6.4 million, respectively, in rental revenues in our consolidated statements of operations to record revenues from executory costs on a straight-line basis.

The table below provides details of the components included in rental revenues:

	Three months ended December 31,		Year ended December 31,	
	2019	2018	2019	2018
Rental revenues:				
Base rentals	\$ 78,051	\$ 82,450	\$ 309,974	\$ 322,993
Percentage rentals	3,631	3,374	10,627	10,040
Tenant expense reimbursements	34,515	36,703	136,256	142,706
Lease termination fees	89	112	1,615	1,246
Market rent adjustments	(273)	(482)	(1,044)	(2,121)
Straight-line rent adjustments	783	1,099	7,721	5,843
Uncollectible tenant revenues ⁽¹⁾	(239)	—	(1,203)	—
Rental revenues	\$ 116,557	\$ 123,256	\$ 463,946	\$ 480,707

(1) Uncollectible tenant revenues recorded in general and administrative expenses for the three months and year ended December 31, 2018 were approximately \$216,000 and \$904,000, respectively.

Unconsolidated Joint Venture Information

The following table details certain information as of December 31, 2019, except for Net Operating Income ("NOI") which is for the year ended December 31, 2019, about various unconsolidated real estate joint ventures in which we have an ownership interest (dollars in millions):

Joint Venture	Center Location	Tanger's Ownership %	Square Feet	Tanger's Share of Total Assets	Tanger's Share of NOI	Tanger's Share of Net Debt ⁽¹⁾
Charlotte	Charlotte, NC	50.0%	398,674	\$ 39.2	\$ 6.9	\$ 49.8
Columbus	Columbus, OH	50.0%	355,245	39.5	5.2	42.5
Galveston/Houston	Texas City, TX	50.0%	352,705	21.3	4.3	39.9
National Harbor	National Harbor, MD	50.0%	341,156	42.0	5.2	47.2
RioCan Canada ⁽²⁾	Various	50.0%	764,402	99.4	6.6	4.6
Total			2,212,182	\$ 241.4	\$ 28.2	\$ 184.0

(1) Net of debt origination costs and premiums.

(2) Includes a 307,779 square foot outlet center in Cookstown, Ontario; a 357,218 square foot outlet center in Ottawa, Ontario; and a 99,405 square foot outlet center in Saint-Sauveur, Quebec. Tanger's share of NOI includes \$172,000 for the Bromont, Quebec outlet center, which was sold in May 2019.

National Harbor	95,000	47,500	4.63%	4.6%	1/5/2030	10.0
RioCan Canada	9,146	4,573	5.75%	4.2%	5/10/2020	0.4
Debt premium and debt origination costs	(1,114)	(557)				
Total unconsolidated JV net debt	368,032	184,016		4.0%		5.9
Total	\$ 1,937,805	\$ 1,753,789		3.6%		5.5

(1) The effective interest rate includes the impact of discounts and premiums and interest rate swap agreements, as applicable. See page 19 for additional details.

(2) Includes applicable extensions available at our option.

(3) The Company has unsecured lines of credit that provide for borrowings of up to \$600.0 million. The unsecured lines of credit include a \$20.0 million liquidity line and a \$580.0 million syndicated line. A 15 basis point facility fee is due annually on the entire committed amount of each facility. The syndicated line may be increased up to \$1.2 billion through an accordion feature in certain circumstances.

Summary of Our Share of Fixed and Variable Rate Debt
As of December 31, 2019
(dollars in thousands)

	Total Debt %	Our Share of Debt	End of Period Effective Interest Rate	Average Years to Maturity ⁽¹⁾
Consolidated:				
Fixed ⁽²⁾	99%	\$ 1,558,501	3.5%	5.5
Variable	1%	11,272	3.6%	3.3
	100%	1,569,773	3.5%	5.5
Unconsolidated Joint ventures:				
Fixed	55%	\$ 101,591	4.4%	8.8
Variable	45%	82,425	3.4%	2.2
	100%	184,016	4.0%	5.9
Total:				
Fixed	95%	\$ 1,660,092	3.6%	5.9
Variable	5%	93,697	3.4%	2.3
Total share of debt	100%	\$ 1,753,789	3.6%	5.5

(1) Includes applicable extensions available at our option.

(2) The effective interest rate includes interest rate swap agreements that fix the base LIBOR rate at a weighted average of 1.7% on notional amounts aggregating \$390.0 million as follows:

- (a) Interest rate swaps entered into in December 2017 to hedge our variable interest rate exposure on notional amounts aggregating \$150.0 million. These interest rate swap agreements fix the base LIBOR rate at an average of 2.2% from August 14, 2018 through January 1, 2021.
- (b) Interest rate swaps entered into in April 2016 to hedge our variable interest rate exposure on notional amounts aggregating \$175.0 million. These interest rate swap agreements fix the base LIBOR rate at an average of 1.03% through January 1, 2021.
- (c) In March 2018, the consolidated joint venture that owns the Tanger outlet center in Southaven, Mississippi, entered into an interest rate swap, effective March 1, 2018, that fixed the base LIBOR rate at 2.5% on a notional amount of \$40.0 million through January 31, 2021.
- (d) In June 2019, we entered into a forward starting interest rate swap agreement, effective July 1, 2019, that fixed the base LIBOR rate at 1.75% on a notional amount of \$25.0 million through February 1, 2024.

Future Scheduled Principal Payments (dollars in thousands)⁽¹⁾
As of December 31, 2019

Year	Tanger Consolidated Payments	Tanger's Share of Unconsolidated JV Payments	Total Scheduled Payments

(1) For a complete listing of all debt covenants related to the Company's Senior Unsecured Notes, as well as definitions of the above terms, please refer to the Company's filings with the Securities and Exchange Commission.

NON-GAAP SUPPLEMENTAL MEASURES

Funds From Operations

Funds From Operations ("FFO") is a widely used measure of the operating performance for real estate companies that supplements net income (loss) determined in accordance with GAAP. We determine FFO based on the definition set forth by the National Association of Real Estate Investment Trusts ("NAREIT"), of which we are a member. In December 2018, NAREIT issued "NAREIT Funds From Operations White Paper - 2018 Restatement" which clarifies, where necessary, existing guidance and consolidates alerts and policy bulletins into a single document for ease of use. NAREIT defines FFO as net income/(loss) available to the Company's common shareholders computed in accordance with generally accepted accounting principles in the United States ("GAAP"), excluding (i) depreciation and amortization related to real estate, (ii) gains or losses from sales of certain real estate assets, (iii) gains and losses from change in control, (iv) impairment write-downs of certain real estate assets and investments in entities when the impairment is directly attributable to decreases in the value of depreciable real estate held by the entity and (v) after adjustments for unconsolidated partnerships and joint ventures calculated to reflect FFO on the same basis.

FFO is intended to exclude historical cost depreciation of real estate as required by GAAP which assumes that the value of real estate assets diminishes ratably over time. Historically, however, real estate values have risen or fallen with market conditions. Because FFO excludes depreciation and amortization of real estate assets, gains and losses from property dispositions and extraordinary items, it provides a performance measure that, when compared year over year, reflects the impact to operations from trends in occupancy rates, rental rates, operating costs, development activities and interest costs, providing perspective not immediately apparent from net income.

We present FFO because we consider it an important supplemental measure of our operating performance. In addition, a portion of cash bonus compensation to certain members of management is based on our FFO or Adjusted Funds From Operations ("AFFO"), which is described in the section below. We believe it is useful for investors to have enhanced transparency into how we evaluate our performance and that of our management. In addition, FFO is frequently used by securities analysts, investors and other interested parties in the evaluation of REITs, many of which present FFO when reporting their results. FFO is also widely used by us and others in our industry to evaluate and price potential acquisition candidates. We believe that FFO payout ratio, which represents regular distributions to common shareholders and unit holders of the Operating Partnership expressed as a percentage of FFO, is useful to investors because it facilitates the comparison of dividend coverage between REITs. NAREIT has encouraged its member companies to report their FFO as a supplemental, industry-wide standard measure of REIT operating performance.

FFO has significant limitations as an analytical tool, and you should not consider it in isolation, or as a substitute for analysis of our results as reported under GAAP. Some of these limitations are:

- FFO does not reflect our cash expenditures, or future requirements, for capital expenditures or contractual commitments;
- FFO does not reflect changes in, or cash requirements for, our working capital needs;
- Although depreciation and amortization are non-cash charges, the assets being depreciated and amortized will often have to be replaced in the future, and FFO does not reflect any cash requirements for such replacements; and
- Other companies in our industry may calculate FFO differently than we do, limiting its usefulness as a comparative measure.

Because of these limitations, FFO should not be considered as a measure of discretionary cash available to us to invest in the growth of our business or our dividend paying capacity. We compensate for these limitations by relying primarily on our GAAP results and using FFO only as a supplemental measure.

Adjusted Funds From Operations

We present AFFO as a supplemental measure of our performance. We define AFFO as FFO further adjusted to eliminate the impact of certain items that we do not consider indicative of our ongoing operating performance. These further adjustments are itemized in the table below. You are encouraged to evaluate these adjustments and the reasons we consider them appropriate for supplemental analysis. In evaluating AFFO you should be aware that in the future we may incur expenses that are the same as or similar to some of the adjustments in this presentation. Our presentation of AFFO should not be construed as an inference that our future results will be unaffected by unusual or non-recurring items.

We present AFFO because we believe it assists investors and analysts in comparing our performance across reporting periods on a consistent basis by excluding items that we do not believe are indicative of our core operating performance. In addition, we believe it is useful for investors to have enhanced transparency into how we evaluate management's performance and the effectiveness of our business strategies. We use AFFO when certain material, unplanned transactions occur as a factor in evaluating management's performance and to evaluate the effectiveness of our business strategies, and may use AFFO when determining incentive compensation.

AFFO has limitations as an analytical tool. Some of these limitations are:

- AFFO does not reflect our cash expenditures, or future requirements, for capital expenditures or contractual commitments;
- AFFO does not reflect changes in, or cash requirements for, our working capital needs;
- Although depreciation and amortization are non-cash charges, the assets being depreciated and amortized will often have to be replaced in the future, and AFFO does not reflect any cash requirements for such replacements;
- AFFO does not reflect the impact of certain cash charges resulting from matters we consider not to be indicative of our ongoing operations; and
- Other companies in our industry may calculate AFFO differently than we do, limiting its usefulness as a comparative measure.

Because of these limitations, AFFO should not be considered in isolation or as a substitute for performance measures calculated in accordance with GAAP. We compensate for these limitations by relying primarily on our GAAP results and using AFFO only as a supplemental measure.

Funds Available for Distribution

Funds Available for Distribution ("FAD") is a non-GAAP financial measure that we define as FFO, excluding corporate depreciation, amortization of finance costs, amortization of net debt discount (premium), amortization of equity-based compensation, straight-line rent amounts, market rent amounts, second generation tenant allowances, capital improvement expenditures, and our share of the items listed above for our unconsolidated joint ventures. Investors, analysts and the Company utilize FAD as an indicator of common dividend potential. The FAD payout ratio, which represents regular distributions to common shareholders and unit holders of the Operating Partnership expressed as a percentage of FAD, facilitates the comparison of dividend coverage between REITs.

We believe that net income (loss) is the most directly comparable GAAP financial measure to FAD. FAD does not represent cash generated from operating activities in accordance with GAAP and should not be considered as an alternative to net income (loss) as an indication of our performance or to cash flows as a measure of liquidity or our ability to make distributions. Other companies in our industry may calculate FAD differently than we do, limiting its usefulness as a comparative measure.

Portfolio Net Operating Income and Same Center Net Operating Income

We present portfolio net operating income ("Portfolio NOI") and same center net operating income ("Same Center NOI") as supplemental measures of our operating performance. Portfolio NOI represents our property level net operating income which is defined as total operating revenues less property operating expenses and excludes termination fees and non-cash adjustments including straight-line rent, net above and below market rent amortization, impairment charges and gains or losses on the sale of assets recognized during the periods presented. We define Same Center NOI as Portfolio NOI for the properties that were operational for the entire portion of both comparable reporting periods and which were not acquired, or subject to a material expansion or non-recurring event, such as a natural disaster, during the comparable reporting periods.

We believe Portfolio NOI and Same Center NOI are non-GAAP metrics used by industry analysts, investors and management to measure the operating performance of our properties because they provide performance measures directly related to the revenues and expenses involved in owning and operating real estate assets and provide a perspective not immediately apparent from net income, FFO or AFFO. Because Same Center NOI excludes properties developed, redeveloped, acquired and sold; as well as non-cash adjustments, gains or losses on the sale of outparcels and termination rents; it highlights operating trends such as occupancy levels, rental rates and operating costs on properties that were operational for both comparable periods. Other REITs may use different methodologies for calculating Portfolio NOI and Same Center NOI, and accordingly, our Portfolio NOI and Same Center NOI may not be comparable to other REITs.

Portfolio NOI and Same Center NOI should not be considered alternatives to net income (loss) or as an indicator of our financial performance since they do not reflect the entire operations of our portfolio, nor do they reflect the impact of general and administrative expenses, acquisition-related expenses, interest expense, depreciation and amortization costs, other non-property income and losses, the level of capital expenditures and leasing costs necessary to maintain the operating performance of our properties, or trends in development and construction activities which are significant economic costs and activities that could materially impact our results from operations. Because of these limitations, Portfolio NOI and Same Center NOI should not be viewed in isolation or as a substitute for performance measures calculated in accordance with GAAP. We compensate for these limitations by relying primarily on our GAAP results and using Portfolio NOI and Same Center NOI only as supplemental measures.

Non-GAAP Pro Rata Balance Sheet and Income Statement Information

The pro rata balance sheet and pro rata income statement information is not, and is not intended to be, a presentation in accordance with GAAP. The pro rata balance sheet and pro rata income statement information reflect our proportionate economic ownership of each asset in our portfolio that we do not wholly own. These assets may be found in the table earlier in this report entitled, "Unconsolidated Joint Venture Information." The amounts in the column labeled "Pro Rata Portion Unconsolidated Joint Ventures" were derived on a property-by-property basis by applying to each financial statement line item the ownership percentage interest used to arrive at our share of net income or loss during the period when applying the equity method of accounting. A similar calculation was performed for the amounts in the column labeled "Pro Rata Portion Noncontrolling interests."

We do not control the unconsolidated joint ventures and the presentations of the assets and liabilities and revenues and expenses do not represent our legal claim to such items. The operating agreements of the unconsolidated joint ventures generally provide that partners may receive cash distributions (1) quarterly, to the extent there is available cash from operations, (2) upon a capital event, such as a refinancing or sale or (3) upon liquidation of the venture. The amount of cash each partner receives is based upon specific provisions of each operating agreement and vary depending on factors including the amount of capital contributed by each partner and whether any contributions are entitled to priority distributions. Upon liquidation of the joint venture and after all liabilities, priority distributions and initial equity contributions have been repaid, the partners generally would be entitled to any residual cash remaining based on the legal ownership percentage shown in the table found earlier in this report entitled "Unconsolidated Joint Venture Information".

We provide pro rata balance sheet and income statement information because we believe it assists investors and analysts in estimating our economic interest in our unconsolidated joint ventures when read in conjunction with the Company's reported results under GAAP. The presentation of pro rata financial information has limitations as an analytical tool. Some of these limitations include:

- The amounts shown on the individual line items were derived by applying our overall economic ownership interest percentage determined when applying the equity method of accounting and do not necessarily represent our legal claim to the assets and liabilities, or the revenues and expenses; and
- Other companies in our industry may calculate their pro rata interest differently than we do, limiting the usefulness as a comparative measure.

Because of these limitations, the pro rata balance sheet and income statement information should not be considered in isolation or as a substitute for our financial statements as reported under GAAP. We compensate for these limitations by relying primarily on our GAAP results and using the pro rata balance sheet and income statement information only supplementally.
