

## Company Overview

Wayside Technology Group, Inc. and Subsidiaries is an information technology ("IT") channel company. The Company operates through two reportable operating segments. The "Climb Channel Solutions" segment distributes technical software and hardware to corporate resellers, value added resellers (VARs), consultants and systems integrators worldwide. The "TechXtend" segment is a value-added reseller of software, hardware and services for corporations, government organizations and academic institutions in the USA and Canada. We offer an extensive line of products from leading publishers of software and tools for virtualization/cloud computing, security, networking, storage and infrastructure management, application lifecycle management and other technically sophisticated domains as well as computer hardware.
