

Intellipharma Signs a Second Exclusive License and Commercial Supply Agreement with Tris Pharma, Inc.

TORONTO, ON / ACCESSWIRE / September 5, 2019 / Intellipharma International Inc.(OTCQB:IPCI) and (TSX:IPCI) ("Intellipharma" or the "Company"), a pharmaceutical company specializing in the research, development and manufacture of novel and generic controlled-release and targeted-release oral solid dosage drugs, announced today that it has entered into a license and commercial supply agreement with Tris Pharma, Inc. ("Tris"), by which the Company has granted Tris an exclusive license to market, sell and distribute in the United States, Desvenlafaxine Succinate ER in the 50 and 100 mg strengths (the "licensed products") approved for sale in the U.S. market by the U.S. Food and Drug Administration ("FDA").

Several other generic versions of the licensed products are currently available in the market. There can be no assurance that the licensed products will be successfully commercialized or produce significant revenue, or any revenue for the Company.

About Intellipharma

Intellipharma International Inc. is a pharmaceutical company specializing in the research, development and manufacture of novel and generic controlled-release and targeted-release oral solid dosage drugs. The Company's patented Hypermatrix™ technology is a multidimensional controlled-release drug delivery platform that can be applied to a wide range of existing and new pharmaceuticals. Intellipharma has developed several drug delivery systems based on this technology platform, with a pipeline of products (some of which have received FDA approval) in various stages of development. The Company has ANDA and NDA 505(b)(2) drug product candidates in its development pipeline. These include the Company's abuse-deterrent oxycodone hydrochloride extended release formulation ("Oxycodone ER") based on its proprietary nPODDDS™ novel Point Of Divergence Drug Delivery System (for which an NDA has been filed with the FDA), and Regabatin™ XR (pregabalin extended-release capsules).
