BofASE SA is owned by NB Holdings Corporation (which holds 99.9% of BofASE SA) and Merrill Lynch Group Holdings I, L.L.C. BofASE SA's activities form part of BAC's Global Banking and Markets operations in Europe, Middle East and Africa ("EMEA"), and will serve as Bank of America's primary Broker Dealer for clients in the European Economic Area ("EEA").

BofASE SA's head office is in France. The Company is authorised as an investment firm by the Autorité de Contrôle Prudentiel et de Résolution ("ACPR") and is regulated by the ACPR and the Autorité des Marchés Financiers ("AMF"). 2. Basis of Preparation

The Basel Capital Accords provides a series of international standards for bank regulation commonly known as Basel I, Basel II and, most recently, Basel III. Basel III was implemented in the European Union ("EU") via the Capital Requirements Directive ("CRD") and the Capital Requirements Regulation ("CRR"), collectively known as the Capital Requirements Directive IV. CRR was subsequently amended by the Capital Requirements Regulation 2 ("CRR2"), with the collective CRD IV requirements being amended by Capital Requirements Directive V ("CRD V"). The CRD IV requirements took effect from 1 January 2014. The CRD V was transposed into French law on 29 December 2020.

This legislation consists of three pillars. Pillar 1 is defined as 'Minimum Capital Requirement,' Pillar 2 'Supervisory Review Process,' and Pillar 3 'Market Discipline.' The aim of Pillar 3 is to encourage market discipline by allowing market participants to access key pieces of information regarding the capital adequacy of institutions through a prescribed set of disclosure requirements.

The information contained in this Pillar 3 disclosure has been prepared in accordance with the requirements of Part Eight of the CRR, on an individual basis, for the purpose of explaining the basis on which BofASE SA has prepared and disclosed certain information about the application of regulatory capital adequacy rules and concepts. It therefore does not constitute any form of financial statement on BofASE SA, or of the wider Enterprise, and as such, is not prepared in accordance with International Financial Reporting Standards ("IFRS") or French Generally Accepted Accounting Principles ("French GAAP"). Therefore the information is not directly comparable with the annual financial statements and the disclosure is not required to be audited by external auditors.

In addition, the report does not constitute any form of contemporary or forward looking record or opinion on the Company or the Enterprise. Although the Pillar 3 disclosure is intended to provide transparent information on a common basis, the information contained in this document may not be directly comparable with the information provided by other investment firms. Any financial information included herein is unaudited.

This Pillar 3 disclosure is published on BAC's corporate website: http://investor.bankofamerica.com.

CRR 'Quick Fix'

On 26 June 2020, Regulation (EU) 2020/873 (CRR 'quick fix') was published in the Official Journal of the EU, amending Regulations (EU) No 575/2013 and (EU) 2019/876 as regards certain adjustments in response to the coronavirus ("COVID-19") pandemic. The CRR 'quick fix' is part of a series of measures taken by European institutions to mitigate the impact of the COVID-19 pandemic on institutions across EU Member States. In addition to the flexibility already provided in the existing rules, the CRR 'quick fix' introduces certain adjustments to the CRR, including temporary measures, intended, inter alia, to enhance credit flows to companies and households, thereby supporting the EU's economy.

Article 468 of CRR 'quick fix' relates to the temporary treatment of unrealised gains and losses measured at fair value through other comprehensive income in view of the COVID-19 pandemic.

This article introduces a temporary treatment that allows institutions to remove from the calculation of their CET1 items, unrealised gains and losses measured at fair value through other comprehensive income, corresponding to exposures to central governments, to regional governments or to local authorities referred to in Article 115(2) CRR and to public sector entities referred to in Article 116(4) CRR, excluding those financial assets that are credit-impaired, during the period from 1 January 2020 to 31 December 2022. This article replaces the current article that was applicable until 31 December 2017.

BofASE SA has chosen not to apply this temporary treatment of Article 468 of CRR.

3. Disclosure Policy

In accordance with Article 431(3) of the CRR, as amended by CRR 2, BofASE SA has adopted a formal policy to comply with the disclosure requirements included in Part Eight of the CRR. The BofA Securities Europe SA Pillar 3 Disclosure Policy sets out the internal processes, systems and controls used to verify that the disclosures are appropriate and in compliance with regulatory requirements, and that the disclosures convey BofASE SA's risk profile comprehensively to market participants.
