

Marathon Digital Holdings, Inc. Announces Proposed Convertible Senior Notes Offering

LAS VEGAS, Nov. 15, 2021 (GLOBE NEWSWIRE) -- Marathon Digital Holdings, Inc. (Nasdaq: MARA), one of the largest enterprise Bitcoin self-mining companies in North America, today announced its intention to offer, subject to market and other conditions, \$500,000,000 aggregate principal amount of convertible senior notes due 2026 (the "notes") in a private offering to qualified institutional buyers pursuant to Rule 144A under the Securities Act of 1933, as amended (the "Securities Act"). Marathon also expects to grant the initial purchasers of the notes an option, for settlement within a period of 13 days from, and including, the date the notes are first issued, to purchase up to an additional \$75,000,000 principal amount of notes.

The notes will be senior, unsecured obligations of Marathon, will accrue interest payable semi-annually in arrears and will mature on December 1, 2026, unless earlier repurchased, redeemed or converted. Noteholders will only have the right to convert their notes in certain circumstances and during specified periods. Marathon will settle conversions of notes by paying or delivering, as applicable, cash, shares of its common stock or a combination of cash and shares of its common stock, at Marathon's election. The notes will be redeemable, in whole or in part (subject to certain limitations), for cash at Marathon's option at any time, and from time to time, on or after December 6, 2024 and on or before the 21st scheduled trading day immediately before the maturity date, but only if the last reported sale price per share of Marathon's common stock exceeds 130% of the conversion price for a specified period of time. The redemption price will be equal to the principal amount of the notes to be redeemed, plus accrued and unpaid interest, if any, to, but excluding, the redemption date. The interest rate, initial conversion rate and other terms of the notes will be determined at the pricing of the offering.

Marathon intends to use the net proceeds from the offering for general corporate purposes, including the acquisition of bitcoin or bitcoin mining machines.

The offer and sale of the notes and any shares of common stock issuable upon conversion of the notes have not been, and will not be, registered under the Securities Act or any other securities laws, and the notes and any such shares cannot be offered or sold except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and any other applicable securities laws. This press release does not constitute an offer to sell, or the solicitation of an offer to buy, the notes or any shares of common stock issuable upon conversion of the notes, nor will there be any sale of the notes or any such shares, in any state or other jurisdiction in which such offer, sale or solicitation would be unlawful.
