Russell Microcap Index projected to add MTBC

SOMERSET, N.J., June 13, 2018 (GLOBE NEWSWIRE) -- [MTBC](#) (NASDAQ: MTBC) (NASDAQ: MTBCP), a leading provider of proprietary, cloud-based healthcare IT and revenue cycle management solutions, announced today that FTSE Russell, which manages the widely-followed Russell 2000[®] Index and other indices based on market capitalization and style orientation, is expected to add MTBC to the Russell Microcap[®] Index, effective June 25, according to a preliminary list of additions posted June 8.

Membership in the Russell Microcap[®] Index means automatic inclusion in the appropriate growth and value style indexes. FTSE Russell determines membership for its Russell US Indexes primarily by objective, market-capitalization rankings and style attributes.

Russell US Indexes are widely used by investment managers and institutional investors as the basis for index funds and as benchmarks for active investment strategies. Approximately \$9 trillion in assets are benchmarked against Russell US Indexes. Russell US Indexes are part of FTSE Russell, a leading global index provider.

"We are very pleased to be considered by FTSE Russell for inclusion in the Russell Microcap[®] Index," said Bill Korn, Chief Financial Officer. "We expect that our addition to this highly regarded index will help us further increase our visibility with the investment community, especially with institutional investors."

For more information on the Russell Microcap[®] Index and the Russell US Indexes reconstitution, go to the "Russell Reconstitution" section on the [FTSE Russell website](#).

About MTBC

MTBC is a healthcare information technology company that provides a fully integrated suite of proprietary web-based solutions, together with related business services, to healthcare providers. Our integrated Software-as-a-Service (or SaaS) platform helps our customers increase revenues, streamline workflows and make better business and clinical decisions, while reducing administrative burdens and operating costs. MTBC's common stock trades on the NASDAQ Capital Market under the ticker symbol "MTBC," and its Series A Preferred Stock trades on the NASDAQ Capital Market under the ticker symbol "MTBCP."

About FTSE Russell

FTSE Russell is a leading global index provider creating and managing a wide range of indexes, data and analytic solutions to meet client needs across asset classes, style and strategies. Covering 98% of the investable market, FTSE Russell indexes offer a true picture

of global markets, combined with the specialist knowledge gained from developing local benchmarks around the world.

FTSE Russell index expertise and products are used extensively by institutional and retail investors globally. Approximately \$16.2 trillion is currently benchmarked to FTSE Russell indexes. For over 30 years, leading asset owners, asset managers, ETF providers and investment banks have chosen FTSE Russell indexes to benchmark their investment performance and create investment funds, ETFs, structured products and index-based derivatives. FTSE Russell indexes also provide clients with tools for asset allocation, investment strategy analysis and risk management.

A core set of universal principles guides FTSE Russell index design and management: a transparent rules-based methodology is informed by independent committees of leading market participants. FTSE Russell is focused on index innovation and customer partnership applying the highest industry standards and embracing the IOSCO Principles. FTSE Russell is wholly owned by London Stock Exchange Group.
