San Francisco Giants Deploy Latest Evolv Express® Gen2 Systems for 2025 Season

Oracle Park upgrades Evolv Express systems initially deployed in 2021 to a new fleet, becoming the first professional sports team to renew its four-year subscription

WALTHAM, Mass.--(BUSINESS WIRE)-- Evolv Technologies Holdings, Inc. (NASDAQ: EVLV), a leading security technology company pioneering AI-based solutions designed to help create safer experiences, today announced an extended and expanded relationship with the San Francisco Giants. Under the new agreement, which will see Evolv designated as a Proud Partner of the team, the existing fleet of 20 Evolv Express security systems will be swapped for Evolv's latest Gen2 units offering enhanced mobility and easier deployment. Evolv Express systems have been used to screen fans at Giants games at Oracle Park since 2021.

"We're thrilled to both renew and expand our relationship with the San Francisco Giants," said John Baier, Evolv's Vice President of Sports & Entertainment. "The team is one of our earliest sports customers, so it's especially gratifying to have the opportunity to be of service for years to come in such a critical element of their gameday experience. We're also excited to join so many iconic brands on the club's official partner roster."

"The smooth entry process at Oracle Park that Evolv Express supports is a key part of our fan's gameday experience," said Stan Sprinkles, Giants Vice President, Ballpark Operations & Facilities. "After four seasons of great results with Evolv Express, bringing in the latest technology helps us continue to provide event-goers with an efficient ballpark entry while also showcasing our commitment to the safety of our guests."

The Express Gen2 update at Oracle Park is an example of how customers can leverage Evolv's subscription business model to gain access to the latest hardware and software. With the completion of this extension, the San Francisco Giants become the first of Evolv's many sports customers to renew their subscription.

About the San Francisco Giants

One of the oldest teams in Major League Baseball, the 142-year old franchise moved to San Francisco from New York in 1958. After playing a total of 42 years in Seals Stadium and Candlestick Park, the team moved to the privately constructed, downtown ballpark on the corner of 3rd and King in 2000. The organization is widely recognized for its innovative business practices and baseball excellence having been named in the past decade the Sports Organization of the Year by Street & Smith’s Sports Business Journal, Organization of the Year by Baseball America and ESPN’s Sports Humanitarian Team of the Year. Oracle Park is also the only ballpark in the country to have earned Silver, Gold and Platinum LEED certification for an existing building.
