Intel Corporation to Participate in Upcoming Investor Conferences

Company leaders will join events sponsored by Goldman Sachs and BofA Securities in June

SANTA CLARA, Calif.--(BUSINESS WIRE)-- Intel Corporation today announced that company executives will participate in the following investor events in June:

- At 8 a.m. PDT, June 7, Todd Brady, vice president of Global Public Affairs and chief sustainability officer, will participate in a panel discussion on environmental, social and governance matters at the Goldman Sachs Global Semiconductor Conference.
- At 2:20 p.m. PDT, June 7, David Zinsner, executive vice president and chief financial officer, and Sandra Rivera, executive vice president and general manager of the Datacenter and AI Group, will participate in a fireside chat on the business, market conditions and trends, as well as other topics, at the BofA Securities Global Technology Conference.

Live public webcasts can be accessed on Intel's [Investor Relations website](#). Webcast replay and audio download will also be available on the site.

Please note that Intel's participation, speakers and schedule are subject to change.

About Intel

Intel (Nasdaq: INTC) is an industry leader, creating world-changing technology that enables global progress and enriches lives. Inspired by Moore's Law, we continuously work to advance the design and manufacturing of semiconductors to help address our customers' greatest challenges. By embedding intelligence in the cloud, network, edge and every kind of computing device, we unleash the potential of data to transform business and society for the better.
