

WiSA Announces Certification of Harman's HK Surround 5.1 Speaker System

Follows Growing Roster of WiSA Certified Products from Harman's Lifestyle Audio

SAN JOSE, Calif.--(BUSINESS WIRE)-- [WiSA® LLC](#), the Wireless Speaker and Audio Association, comprised of over 60 leading consumer electronics brands, and founded by Summit Wireless Technologies (NASDAQ: WISA), today announced that the Harman Kardon "HK Surround" wireless audio speaker system is now WiSA Certified™. The speaker system features four satellites, a center channel and a subwoofer that are all pre-configured as a 5.1 audio solution, eliminating complicated setup and ready to deliver amazing theater-quality surround sound.

The Harman Kardon HK Surround speaker system immerses users in their favorite music, movies, video, TV shows, games/esports, and more when connected to any WiSA Ready™* source or WiSA Certified transmitter.

"Harman is a name that is synonymous with high quality sound solutions," stated Tony Ostrom, president of WiSA. "We are excited to add the HK Surround speaker system to our growing roster of WiSA Certified products around the globe that help deliver wireless, multi-channel, high-resolution audio to a range of intelligent devices and displays."

All WiSA Certified and WiSA Ready components work together seamlessly to deliver wireless, multi-channel audio and authentic movie theater sound that immerses the listener into the middle of movies and video, music, sports, gaming/esports and more. As a result, consumers can expect an audiophile experience, but unlike traditional audio systems, setup is simple and takes just minutes, even for larger 5.1 and 7.1 systems.

About WiSA, LLC

WiSA, the (Wireless Speaker and Audio) Association is a consumer electronics consortium dedicated to creating interoperability standards utilized by leading brands and manufacturers to deliver immersive sound via intelligent devices. WiSA Certified components from any member brand can be combined to dramatically increase the enjoyment of movies and video, music, sports, gaming/esports, and more. WiSA also ensures robust, high resolution, multi-channel, low latency audio while eliminating the complicated set-up of traditional audio systems.
