

# WiSA Announces Certification of Platin's Milan 5.1 Wireless Home Theater Speaker System

-White label WiSA Certified 5.1 audio system now available for branding and licensing worldwide-

SAN JOSE, Calif.--(BUSINESS WIRE)--

[WiSA® LLC](#), the Wireless Speaker and Audio Association founded by Summit Wireless Technologies (NASDAQ: WISA) and comprised of leading consumer electronics brands, today announced the certification of the Milan 5.1 Wireless Home Theater speaker system from Platin, a division of Hansong Technology. The Milan 5.1 Wireless Home Theater solution is a “white-label” product, available immediately for licensing and rebranding by consumer electronics and audio companies worldwide and allows brands to provide an immersive 5.1 audio experience within sound bar price points.

The Milan 5.1 Wireless Home Theater speaker system works WiSA Certified™ audio transmitters to provide room-filling, immersive audio experiences. The Milan is comprised of four two-way satellites, a two-way center channel and a subwoofer. All five speakers receive high-definition audio wirelessly and require only a power connection for operation.

“Consumers deserve high performance audio solutions that deliver amazing sound at affordable prices,” said Helge Kristensen, Sr. VP, Hansong Technology and a director of Summit Wireless Technologies. “Hansong and Platin Audio are focused on providing audio products that incorporate the latest technologies, deliver amazing experience, and are simple to install and set-up.”

All WiSA Certified and WiSA Ready™ components work together seamlessly to deliver wireless, multi-channel audio and authentic movie theater sound that immerses the listener into their favorite TV, movies, music, sports, and games. As a result, consumers can expect an audiophile experience without the typical barriers of a complicated installation and set-up process.

“We are encouraged to see the assortment of WiSA Certified speaker systems grow with the addition of another great immersive audio system that aggressively attacks price points typically dominated by sound bars,” said Tony Ostrom, president of WiSA. “WiSA solutions continue to expand the wireless home audio category and the Milan system will allow more households to enjoy immersive audio and the entertainment that it creates.”

The WiSA Association and its members are committed to revolutionizing the home entertainment experience by delivering immersive, uncompressed, high-definition, multichannel sound through the universal standards established and certified by the WiSA Association.
