About Tellurian Inc.

Tellurian was founded by Charif Souki and Martin Houston and is led by President and CEO Meg Gentle. The employees and contractors of Tellurian are experienced industry experts developing low-cost liquefied natural gas (LNG) projects along the United States Gulf Coast. The team intends to deliver results using a repeatable and simple design, off-the-shelf equipment and multiple production units to enhance reliability. The team has been delivering cost-leading LNG projects for more than 50 years. They are focusing their collective knowledge and expertise to establish a new global standard and intend to deliver low cost LNG to customers from Driftwood LNG, a proposed 26 million tonnes per annum liquefied natural gas export facility expected to become operational in 2022.
