BOARDWALKTECH SIGNS NEW CONTRACT WITH MAJOR INDIAN BANK

New system for improved data management, reporting, analytics, and compliance

CUPERTINO, Calif., April 25, 2022 /PRNewswire/ - (TSXV: BWLK) (OTCQB: BWLKF) Boardwalktech Software Corp ("Boardwalktech" or the "Company"), the leading Digital Ledger Platform and enterprise software applications company, is pleased to announce it has entered into a contract with a large Indian-based multinational bank and [financial services](#) company with a presence in 17 countries generating over US\$30B in revenue.

Using the Boardwalktech Digital Ledger Platform, the Bank will implement a new system for managing data, aggregating information from disparate systems, reporting and analytics. The Bank will be able to efficiently manage and align information from their internal systems allowing them to better meet internal and external reporting needs, resulting in improved data governance, compliance, and business results. This will be the first application for this client built on the Boardwalk Platform. The Contract will initially generate \$90,000 in annual recurring revenue with more applications and additional revenue planned in the future.

"Aligning and understanding information from multiple internal systems of record, and using that actionable information to make rapid and timely decisions, will be a big competitive advantage for the Bank," said Andrew T. Duncan, CEO of Boardwalktech. "Aggregating information into a single source of truth – the Boardwalk Digital Ledger, will improve the delivery of required reporting information for compliance purposes, improve response times and decisions across the Bank improving customer satisfaction, and business results."

About Boardwalktech Software Corp.

Boardwalktech has developed a patented Digital Ledger Technology Platform currently used by Fortune 500 companies running mission-critical applications worldwide. Boardwalktech's digital ledger technology and its unique method of managing vast amounts of structured and unstructured data is the only platform on the market today where multiple parties can effectively work on the same data simultaneously while preserving the fidelity and provenance of the data. Boardwalktech can deliver collaborative, purpose-built enterprise information management applications on any device or user interface with full integration with enterprise systems of record in a fraction of the time it takes other non-digital ledger technology-based platforms. Boardwalktech is headquartered in Cupertino, California with offices in India and operations in North America. For more information on Boardwalktech, visit our website at www.boardwalktech.com.

Forward-Looking Information and Statements

This press release contains certain "forward-looking information" within the meaning of

applicable Canadian securities legislation and may also contain statements that may constitute "forward-looking statements" within the meaning of the safe harbor provisions of the U.S. Private Securities Litigation Reform Act of 1995. Such forward-looking information and statements are not representative of historical facts or information or current condition, but instead represent only the Company's beliefs regarding future events, plans or objectives, many of which, by their nature, are inherently uncertain and outside of the Company's control. Generally, such forward-looking information or statements can be identified by the use of forward-looking terminology such as "plans", "expects" or "does not expect", "is expected", "budget", "scheduled", "estimates", "forecasts", "intends", "anticipates" or "does not anticipate", or "believes", or variations of such words and phrases or may contain statements that certain actions, events or results "may", "could", "would", "might" or "will be taken", "will continue", "will occur" or "will be achieved".

By identifying such information and statements in this manner, the Company is alerting the reader that such information and statements are subject to known and unknown risks, uncertainties and other factors that may cause the actual results, level of activity, performance, or achievements of the Company to be materially different from those expressed or implied by such information and statements.

An investment in securities of the Company is speculative and subject to several risks including, without limitation, the risks discussed under the heading "Risk Factors" in the Company's filing statement dated May 30, 2018. Although the Company has attempted to identify important factors that could cause actual results to differ materially from those contained in the forward-looking information and forward-looking statements, there may be other factors that cause results not to be as anticipated, estimated or intended.

In connection with the forward-looking information and forward-looking statements contained in this press release, the Company has made certain assumptions. Although the Company believes that the assumptions and factors used in preparing, and the expectations contained in, the forward-looking information and statements are reasonable, undue reliance should not be placed on such information and statements, and no assurance or guarantee can be given that such forward-looking information and statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such information and statements. The forward-looking information and forward-looking statements contained in this press release are made as of the date of this press release, and the Company does not undertake to update any forward-looking information and/or forward-looking statements that are contained or referenced herein, except in accordance with applicable securities laws. All subsequent written and oral forward-looking information and statements attributable to the Company or persons acting on its behalf is expressly qualified in its entirety by this notice.

Neither TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.
