# CorEnergy Announces First Quarter 2019 Results

KANSAS CITY, Mo.--(BUSINESS WIRE)-- CorEnergy Infrastructure Trust, Inc. ("CorEnergy" or the "Company") today announced financial results for the first quarter, ended March 31, 2019.

## First Quarter Performance Summary

First quarter financial highlights are as follows:

	For the Three Months Ended March 31, 2019		
	Per Share		
	Total	Basic	Diluted
Net Income (Attributable to Common Stockholders) <sup>1</sup>	\$ 1,552,313	\$0.12	\$ 0.12
NAREIT Funds from Operations (NAREIT FFO) <sup>1</sup>	\$ 7,063,434	\$0.56	\$ 0.56
Funds From Operations (FFO) <sup>1</sup>	\$ 7,215,227	\$0.57	\$ 0.57
Adjusted Funds From Operations (AFFO) <sup>1</sup>	\$13,036,877	\$1.03	\$ 0.96
Dividends Declared to Common Stockholders		\$0.75	

<sup>1</sup> Management uses AFFO as a measure of long-term sustainable operational performance. NAREIT FFO, FFO, and AFFO are non-GAAP measures. Reconciliations of NAREIT FFO, FFO and AFFO, as presented, to Net Income Attributable to CorEnergy Stockholders are included at the end of this press release. See Note 1 for additional information.

## Recent Developments

- Declared common stock dividend of \$0.75 per share (\$3.00 annualized) for the first quarter 2019, in line with the previous 14 quarterly dividends

## Portfolio Update

Grand Isle Gathering System: CorEnergy continues to work to overcome the refusal of the parent of the GIGS' tenant to furnish the Company with certain financial statement information. The tenant is required to provide this information under the terms of its lease and CorEnergy is required to file it with the SEC. The Company has taken legal steps to enforce the tenant's obligations under the lease and is engaged in dialogue with staff of the SEC to attempt to limit the impact of these matters on the Company's ability to use its SEC registration statements.

Pinedale Liquids Gathering System: Ultra Petroleum is forecasting a capital investment program between \$320 and \$350 million for 2019 and is currently operating three rigs focused on vertical well drilling. CorEnergy continues to receive participating rents for Ultra Petroleum's use of the Pinedale LGS.

## Outlook

CorEnergy regularly assesses its ability to pay and grow its dividend to common stockholders above the current \$0.75 per quarter. The Company targets long-term revenue growth of 1-3% annually from existing contracts through inflation-based and participating rent adjustments and additional growth from acquisitions. CorEnergy believes that a number of actions can be taken to adequately offset the lost revenue from the sale of the Portland Terminal, which could include a combination of i) additional investments in revenue generating assets and / or ii) deleveraging of the Company's balance sheet through preferred equity and convertible debt repurchases, at attractive prices. There can be no assurance that any potential acquisition opportunities will result in consummated transactions.

## Dividend Declaration

Common Stock: A first quarter 2019 dividend of \$0.75 per share was declared for CorEnergy's common stock. The dividend is payable on May 31, 2019, to stockholders of record on May 17, 2019.

Preferred Stock: For the Company's 7.375% Series A Cumulative Redeemable Preferred Stock, a cash dividend of \$0.4609375 per depositary share was declared. The preferred stock dividend, which equates to an annual dividend payment of \$1.84375 per depositary share, is payable on May 31, 2019, to stockholders of record on May 17, 2019.

As previously announced on April 24, 2019, due to the GIGS tenant's refusal to provide required financial statement information, the Company's ability to issue registered shares under the Dividend Reinvestment Plan is impacted. As a result, the first quarter 2019 dividend will be paid entirely in cash.

## Forward-Looking Statements

This press release contains certain statements that may include "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. All statements, other than statements of historical fact, included herein are "forward-looking statements." Although CorEnergy believes that the expectations reflected in these forward-looking statements are reasonable, they do involve assumptions, risks and uncertainties, and these expectations may prove to be incorrect. Actual results could differ materially from those anticipated in these forward-looking statements as a result of a variety of factors, including those discussed in CorEnergy's reports that are filed with the Securities and Exchange Commission. You should not place undue reliance on these forward-looking statements, which speak only as of the date of this press release. Other than as required by law, CorEnergy does not assume a duty to update any forward-looking statement. In particular, any distribution paid in the future to our stockholders will depend on the actual performance of CorEnergy, its costs of leverage and other operating expenses and will be subject to the approval of CorEnergy's Board of Directors and compliance with leverage covenants.

## Notes

<sup>1</sup>NAREIT FFO represents net income (computed in accordance with GAAP), excluding gains (or losses) from sales of depreciable operating property, impairment losses of depreciable properties, real estate-related depreciation and amortization (excluding amortization of deferred financing costs or loan origination costs) and other adjustments for unconsolidated partnerships and non-controlling interests. Adjustments for non-controlling interests are calculated on the same basis. FFO as we have presented it here, is derived by further adjusting NAREIT FFO for distributions received from investment securities, income tax expense (benefit) from investment securities, net distributions and other income and net realized and unrealized gain or loss on other equity securities. CorEnergy defines AFFO as FFO Adjusted for Securities Investment plus (gain) loss on extinguishment of debt, provision for loan (gain) loss, net of tax, transaction costs, amortization of debt issuance costs, amortization of deferred lease costs, accretion of asset retirement obligation, non-cash costs associated with derivative instruments, and certain costs of a nonrecurring nature, less maintenance, capital expenditures (if any), income tax (expense) benefit unrelated to securities investments, amortization of debt premium, and other adjustments as deemed appropriate by Management. Reconciliations of NAREIT FFO, FFO Adjusted for Securities Investments and AFFO to Net Income Attributable to CorEnergy Stockholders are included in the additional financial information attached to this press release.
