efforts."

About the Methodology

America's Best Customer Service brands were selected based on an independent survey from a vast sample of more than 20,000 U.S. customers who have either made purchases, used services, or gathered information about products or services in the past three years. Customers were asked whether they would recommend brands to friends or family; the survey also included questions on 5 evaluation criteria relevant to the consumer experience: quality of communication, professional competence, range of services, customer focus and accessibility. A total of 115,115 evaluations were collected about retailers and service providers across 160 categories. The top 3 brands receiving the highest scores in each category were awarded as America's Best Customer Service 2020.

Upcoming Industry Conferences

NSA management is scheduled to participate in the upcoming Nareit REITworld 2019 Annual Conference on November 12-14, 2019 in Los Angeles, California.
