Veritone, Inc. Announces New Engineering and Product Hires and Inducement Grants Under Nasdaq Listing Rule 5635(C)(4)

DENVER--(BUSINESS WIRE)-- Veritone, Inc. (Nasdaq: VERI), a leading provider of artificial intelligence (AI) technology and solutions, has hired a new senior leadership team member. Veritone also announced that the Compensation Committee of the Company's Board of Directors has granted equity awards to the new employee under its Inducement Grant Plan, in accordance with Nasdaq Listing Rule 5635(c)(4).

The equity awards consist of (i) options to purchase 60,000 shares of the Company's common stock, and (ii) restricted stock units representing the right to receive upon vesting an aggregate of 30,000 shares of the Company's common stock. The stock options granted to the new employee have ten-year terms and an exercise price of \$13.22 per share, equal to the closing stock prices of the Company's common stock on the grant date. Such stock options vest over a period of four years, with 25% of the shares underlying each stock option vesting on the first anniversary of the grant date and the remaining shares vesting in equal monthly installments thereafter, subject to the employee's continuous employment with the Company through the relevant vesting date. The restricted stock units granted to the new employee vest in equal installments on the anniversaries of the vesting start date over two years, in each case subject to the employee's continuous employment with the Company through the relevant vesting date. The new senior leader is not an executive officer of Veritone.
