Amtech Systems to Participate in Kempen & Co's Resource Efficiency & Cleantech Equity Conference - London, UK

TEMPE, Ariz., Sept. 9, 2014 /PRNewswire/ -- Amtech Systems, Inc. (NASDAQ: ASYS), a global supplier of production and automation systems and related supplies for the manufacture of solar cells, semiconductors, and sapphire and silicon wafers, today announced that Dr. Albert Hasper, General Manager of the Company's solar subsidiary Tempress Systems, will participate in the Kempen & Co's Resource Efficiency & Cleantech Equity Conference on Thursday, September 11, 2014, at the Savoy Hotel London, UK.

Interested investors should contact your Kempen & Co sales representative to secure a meeting time.

About Amtech Systems, Inc.

Amtech Systems, Inc. manufactures capital equipment, including silicon wafer handling automation, thermal processing equipment and related consumables used in fabricating solar cells, LED and semiconductor devices. Semiconductors, or semiconductor chips, are fabricated on silicon wafer substrates, sliced from ingots, and are part of the circuitry, or electronic components, of many products including solar cells, computers, telecommunications devices, automotive products, consumer goods, and industrial automation and control systems. The Company's wafer handling, thermal processing and consumable products currently address the diffusion, oxidation, and deposition steps used in the fabrication of solar cells, LEDs, semiconductors, MEMS and the polishing of newly sliced silicon wafers.
