UiPath Recognizes Global Winners of 2024 Partner Awards at FORWARD Conference

Global partner winners recognized across seven categories for their leadership and innovation

NEW YORK and LAS VEGAS--(BUSINESS WIRE)-- UiPath (NYSE: PATH), a leading [enterprise automation and AI](#) software company, today announced at its global user conference, [FORWARD](#), the winners of the UiPath 2024 Partner Awards. The awards celebrate partners that have demonstrated an outstanding track record and dedication to helping organizations leverage the full power of the UiPath Platform.

The UiPath Partner Network is a global ecosystem of elite professionals committed to leading organizations to leverage the full potential of AI and automation to achieve exceptional business outcomes, drive operational efficiencies, and provide remarkable customer service. UiPath partners are crucial champions of automation, empowering their customers to build fully automated enterprises. With the UiPath Platform, customers can readily integrate intelligence into everyday operations, automate all knowledge work, uplevel employees, and revolutionize entire industries by solving for some of the toughest business challenges.

“Our partners are consistently driving and supporting customers’ automation and AI journeys. These partners play a crucial role in propelling customers globally to leverage AI and automation to drive operational efficiency and become more agile,” said Bron Hastings, Senior Vice President of Partner and Ecosystems at UiPath. “We congratulate this year’s winners for their unwavering support and look forward to continuing to grow our partner ecosystem as we enable enterprises to progress further in the automation-first era.”

EY was recognized as the Global Partner of the Year for being the top performing partner in both global leadership and innovation. EY has taken advantage of the UiPath Business Automation Platform to help customers modernize and integrate technologies with automation, optimize the customer experience, and deliver exceptional customer satisfaction.
