LOS ANGELES--(BUSINESS WIRE)-- Rexford Industrial Realty, Inc. (the “Company” or “Rexford Industrial”) (NYSE:REXR), a real estate investment trust focused on owning and operating industrial properties located in Southern California infill markets, today announced the acquisition of two industrial properties for a total of approximately \$24.5 million. The acquisitions were funded with cash on hand and borrowings under the Company’s line of credit.

“Through these off-market transactions with private sellers, we have acquired stabilized and value-add assets in highly desirable locations within our core infill submarkets” stated Howard Schwimmer and Michael Frankel, Co-Chief Executive Officers of the Company.

“These properties demonstrate the wide spectrum of opportunities we see, providing us with predictable, stable rental income with opportunity to re-lease below-market in-place rents at higher rents in the near term. As we move through 2016, we are pleased with our current pipeline of opportunities as we continue to execute on our growth strategy and increase our cash flow to drive long term shareholder value.”

The Company acquired 28454 Livingston Avenue, located in Valencia, a submarket of Los Angeles' San Fernando Valley, for \$16.0 million, or approximately \$119 per square foot. The Class A high-image building contains 134,287 square feet on 13.61 acres and is 100% leased on a triple-net basis to a single tenant who has invested considerable capital in the building. The tenant is heavily entrenched under a long term lease. According to CBRE, the vacancy rate in the 172 million square foot San Fernando Valley submarket was 1.2% at the end of the fourth quarter 2015.

The Company also acquired 8525 Camino Santa Fe, located in the Central San Diego submarket, for \$8.5 million, or approximately \$143 per square foot. The 100% occupied building is 59,399 square feet on 3.74 acres, leased to four tenants at below market rents, with over a third of the leases expiring within 6 months. The property features modern construction, 24’ minimum clear-heights, dock-high loading for each unit and high quality warehouse and office build out. The property’s highly desirable location on a major thoroughfare in the Western portion of the Miramar submarket is proximate to the Company’s other holdings. According to CBRE, the vacancy rate in the 80 million square foot Central San Diego submarket was 5.1% at the end of the fourth quarter 2015.
