The acquisitions were funded using cash-on-hand as well as the reinvestment of disposition proceeds.

"We are pleased with the high quality of these acquisitions, as we continue to capitalize on our deep transaction pipeline to acquire accretive industrial property investments within prime infill Southern California industrial markets," stated Howard Schwimmer and Michael Frankel, Co-Chief Executive Officers of the Company. "These investments contribute 488,000 square feet to our portfolio, representing a blend of both core and value-add product. Looking ahead, we remain focused on attractive internal and external growth opportunities with the capacity to enhance cash flow and to create value for our shareholders."

The Company acquired 3150 E. Ana Street, located in Rancho Dominguez in the LA – South Bay submarket, for \$18.8 million, or \$177 per square foot. The site was purchased through an off-market sale-leaseback transaction for a price approximating land value and contains 105,970 square feet of improvements on 6.06 acres of land. At lease expiration, the Company intends to reposition the property into a high throughput, low coverage logistics facility, as favorable zoning allows for trailer parking on excess land. According to CBRE, the vacancy rate in the 223 million LA – South Bay submarket was 0.6% at the end of the second quarter 2019.

The Company acquired 1402 Avenida Del Oro for \$73.6 million, or \$236 per square foot. The property, located in Oceanside within the San Diego – North County submarket, consists of a single-tenant, 311,995 square foot distribution building on 38.6 acres of land. According to CBRE, the vacancy rate in the 54 million square foot San Diego – North County submarket was 7.4% at the end of the second quarter 2019.

The Company also acquired 18115 S. Main Street in an off-market transaction for \$6.8 million, or \$160 per square foot. The fully leased single-tenant industrial building, located in Carson within the LA – South Bay submarket, contains 42,270 square feet on 2.74 acres of land. The low coverage site provides excess land for storage and parking. According to CBRE, the vacancy rate in the 223 million square foot LA – South Bay submarket was 0.6% at the end of the second quarter 2019.

The Company acquired 5725 Eastgate Drive, located in San Diego within the Central San Diego Submarket for \$8.2 million, or \$299 per square foot, in an off-market transaction. The low-coverage, single tenant property consists of a 27,267 square foot industrial building on 3.78 acres of land. At closing, the Company signed a new long-term lease with a national tenant providing for immediate occupy. According to CBRE, the vacancy rate in the 80 million square foot Central San Diego submarket was 4.8% at the end of the first quarter 2019.

Finally, the Company acquired 3340 N. San Fernando Road, located in Los Angeles within the LA – San Fernando Valley submarket, for \$3 million, or \$69 per land square foot, in an off-market transaction. The Company also completed two disposition transactions, comprising the following:

- a 6,562 SF industrial condo unit located at 939 Poinsettia Avenue in Vista, within the San Diego – North County submarket, sold for \$1.3 million, or \$193 per square foot;
