

Cummins Reports Record Second Quarter Results

-- Raises full-year revenue guidance to \$18 billion, EBIT to 14.5 percent

COLUMBUS, Ind.--(BUSINESS WIRE)-- Cummins Inc. (NYSE: CMI) today reported record sales and earnings for the second quarter on strong growth in nearly every global market. The Company's Engine, Components and Distribution segments each delivered record sales and earnings.

Second quarter sales were \$4.6 billion, up 45 percent from the same period last year. Earnings before interest and taxes (EBIT) were \$775 million and included a \$68 million gain on the sale of the exhaust business from our Components segment. Excluding the gain from the sale of the exhaust business, EBIT was \$707 million, or 15.2 percent of sales, the highest level and percent of sales the company has reported in any quarterly period in its history.

Net income attributable to Cummins Inc. in the second quarter was \$505 million or \$2.60 per diluted share. Excluding the \$68 million gain (\$37 million after tax or \$0.19 per share), the Company reported earnings of \$2.41 per share compared to \$1.25 per share in the second quarter of 2010.

"The Company's performance in the second quarter underscores the success of our long-term strategy to diversify and seek profitable growth across geographies and end markets," says Tim Solso, Chairman and Chief Executive Officer. "As a result of our efforts over the last 10 years, Cummins is better positioned than ever to grow in this global economy."

As a result of the Company's performance in the quarter and its outlook for the remainder of the year, Cummins today increased both its sales and EBIT forecast for 2011. The Company now expects to earn 14.5 percent EBIT on \$18 billion in sales in 2011. This forecast excludes any current or future gains from the sale of businesses.

Engine segment sales of \$2.9 billion were up 53 percent compared to the same quarter a year ago. They were driven by strong growth in global truck markets and off-highway markets including mining and oil and gas. Engine EBIT was \$377 million, or 13 percent of sales.

Within the Engine segment, Cummins' EPA-2010 engines continue to perform well in terms of reliability and fuel economy. In North America, Cummins has shipped 126,000 medium-and heavy-duty engines equipped with Selective Catalytic Reduction aftertreatment devices to truck and bus customers.

The Components segment, driven by recovery in North American on-highway markets, had its first billion-plus sales quarter. Sales of \$1 billion were up 42 percent year-over-year, and segment EBIT was a record \$120 million or 11.6 percent of sales. The gain on the sale of the exhaust business was not included in the segment results.

The Distribution segment saw a sales increase of 36 percent compared to the second quarter of 2010 to \$785 million as a result of strong demand in oil and gas, mining and power generation markets. Segment EBIT of \$106 million, or 13.5 percent of sales, was a quarterly record.

Cummins' Power Generation segment had sales of \$909 million, a year-over-year increase of 28 percent, while segment EBIT was \$105 million or 11.6 percent of sales. Revenue growth was strongest in the U.S., Europe and China.

The Company's non- U.S. markets continued to show strong growth and Cummins had record sales in Brazil, India and China.

"I am very optimistic about Cummins' future," said Tom Linebarger, President and Chief Operating Officer. "We are experiencing strong global demand in most of our markets. Our products are performing very well, we have strong leadership positions, and we are delivering strong profitability in all four businesses."

In other developments:

- -- The Company increased its dividend by 52 percent.
- -- Cummins repurchased \$183 million worth of stock, or 1.6 million shares.
- -- Fitch Ratings increased Cummins' credit rating to A-.

Presentation of Non-GAAP Financial Information

EBIT is a non-GAAP measure used in this release, and is defined and reconciled to what management believes to be the most comparable GAAP measure in a schedule attached to this release. Cummins presents this information as it believes it is useful to understanding the Company's operating performance, and because EBIT is a measure used internally to assess the performance of the operating units.

Webcast information

Cummins management will host a teleconference to discuss these results today at 10 a.m. EDT. This teleconference will be webcast and available on the Investor Relations section of the Cummins website at www.cummins.com. Participants wishing to view the visuals available with the audio are encouraged to sign-in a few minutes prior to the start of the teleconference.

NOTE 2. SALE OF EXHAUST BUSINESS

In January 2011, we reached an agreement to sell certain assets and liabilities of our exhaust business which manufactures exhaust products and select components for emission systems for a variety of applications. The transaction closed in the second quarter of 2011. This business was historically included in our Components segment. The sales price was \$123 million. We recognized a pre-tax gain on the sale of \$68 million, which included an allocation of goodwill of \$19 million. The transaction has a working capital adjustment mechanism that will be determined in the third quarter. We do not expect a significant change to the measurement of the gain. The gain has been excluded from segment results as it was not considered by management in its evaluation of operating results for the three and six months ended June 26, 2011.

Sales for this business were \$171 million, \$126 million and \$169 million in 2010, 2009 and 2008, respectively. Income before income taxes for this business was approximately \$22 million, \$11 million and \$19 million in 2010, 2009 and 2008, respectively.

We will enter into supply and other agreements with the operations that will represent ongoing involvement and as such, the results of these operations will not be presented as discontinued operations.

NOTE 3. INCOME TAXES

Our effective tax rate for the year is expected to approximate 29.5 percent, absent any discrete period activity. Our tax rate is generally less than the 35 percent U.S. income tax rate primarily due to lower tax rates on foreign income and research tax credits. The tax rates for the three and six month periods ended June 26, 2011, were 29.5 percent and 29.8 percent. The tax rate for the three and six month periods ended June 26, 2011, includes a discrete tax charge of \$4 million related to the enactment of state law changes in Indiana.

Our effective tax rates for the comparable prior year periods were 31.1 percent and 32.2 percent, respectively. The tax rate for the six month period includes a discrete tax charge of \$7 million related to the enactment of the "Patient Protection and Affordable Care Act." The lower rate in 2011 compared to 2010 is a result of the geographic mix of earnings.

CUMMINS INC. AND SUBSIDIARIES FINANCIAL MEASURES THAT SUPPLEMENT GAAP (Unaudited)

Earnings before interest, taxes and noncontrolling interests

We define EBIT as earnings or loss before interest expense, income tax expense and noncontrolling interests in income of consolidated subsidiaries (EBIT). We use EBIT to assess and measure the performance of our operating segments and also as a component in measuring our variable compensation programs. Below is a reconciliation of EBIT, a non-GAAP financial measure, to "Net income attributable to Cummins Inc.," for each of the applicable periods:

Net income and diluted earnings per share (EPS) attributable to Cummins Inc. excluding gain on sale of business

We believe this is a useful measure of our operating performance for the periods presented as it illustrates our underlying operating performance and trends without regard to the gain related to the sale of our exhaust business. This measure is not in accordance with, or an alternative for, accounting principles generally accepted in the United States of America and may not be consistent with measures used by other companies. It should be considered supplemental data. The following table reconciles net income attributable to Cummins Inc. excluding gain on sale of business to "Net income attributable to Cummins Inc." for the three and six months ended June 26, 2011.

| | Three month | s ended | Six months ended | |
