Medytox Solutions, Inc. Joins Industry Experts From All Over the Country at Behavioral Health Conference

WEST PALM BEACH, FL -- (Marketwired) -- 03/27/15 -- [Medytox Solutions, Inc.](#) (OTCQB: MMMS), an integrated healthcare company headquartered in West Palm Beach, Fla. and with operations throughout the U.S., announced today that they will be exhibiting at the upcoming [Innovations in Recovery](#) conference in San Diego, CA -- from March 30th 2015 - April 2nd 2015. *Innovations in Recovery* is hosted by [Foundations Recovery Network](#), an organization well-known for presenting distinguished conferences with the latest developments in the behavioral health industry, twice a year.

Medytox' sales team will be at the conference to provide information about the company's integrated solutions for diagnostic laboratory testing, medical billing, and medical IT/software solutions. In addition, Robert W. Jones, Director of Sales for Esoteric Testing Services, will be speaking about Stable Spot™, dry-urine sampling technology for neurotransmitter services, currently only offered by Medytox.

"We are thrilled to be a part of the *Innovations in Recovery* conference which focuses on new and effective solutions for professionals and their patients in the behavioral health industry," said Seamus Lagan, CEO of Medytox Solutions, Inc. "Medytox offers the latest in neurotransmitter testing which enables physicians to identify the neurochemical factors influencing imbalanced brain chemistry. We're excited about presenting our services to so many qualified industry experts at this conference."

The *Innovations in Recovery Conference* is being held at Hotel del Coronado in San Diego, CA from March 30th 2015 - April 2nd 2015. Medytox Solutions will be located at Booth 46.
