SUNation Energy Terminates Series A Warrants Removing Potential Dilution of 652,174 Shares

RONKONKOMA, N.Y., June 27, 2025 (GLOBE NEWSWIRE) -- **SUNation Energy, Inc. (Nasdaq: SUNE) ("the Company")**, a leading provider of sustainable solar energy and backup power solutions for households, businesses, and municipalities, today announced that it has terminated all of the outstanding Series A Common Stock Purchase Warrants ("Series A Warrants") issued in connection with a previously announced Registered Direct Offering of February 27, 2025. Pursuant to agreements with the holders of the Series A Warrants dated June 26, 2025, the Series A Warrants were terminated in exchange for a one-time termination payment of approximately \$267,392.

"The transaction eliminates the overhang created by the Series A Warrants by ensuring that up to 652,174 shares of stock underlying those warrants will no longer be able to enter the market," said Scott Maskin, Chief Executive Officer. "In addition to removing a significant source of potential dilution, we have streamlined our capital structure and enhanced our financial flexibility. We appreciate the support of our Series A Warrant holders during this process."

For additional details related to the termination of the Series A Warrants, please refer to the Company's Form 8-K filed with the SEC on June 26, 2025.
