# Primerica Included in 2020 Bloomberg Gender-Equality Index

DULUTH, Ga.--(BUSINESS WIRE)-- Primerica, Inc. (NYSE:PRI), a leading provider of financial services to families in North America, today announced that it is one of 325 companies across 50 industries included in the 2020 Bloomberg Gender-Equality Index (GEI). The GEI expanded in 2020 to represent 42 countries and regions worldwide. Companies range from a variety of industries, including automotive, financial services, consumer services, engineering and construction, and retail.

"At Primerica, we take seriously our responsibility to foster a workplace that provides equal opportunities for everyone, regardless of gender," said Glenn Williams, Primerica CEO. "Our commitment to this principle is reflected in the number of women occupying leadership roles throughout our Company, in the equality of our compensation practices, and in our efforts to create a workplace that is free from harassment and discrimination of any kind. We're proud that these efforts have been recognized with our inclusion as one of the 120 U.S.-headquartered companies in the 2020 GEI."

The GEI tracks the financial performance of public companies committed to supporting gender equality through policy development, representation, and transparency. The reference index measures gender equality across five pillars: female leadership and talent pipeline, equal pay and gender pay parity, inclusive culture, sexual harassment policies, and pro-women brand. This year, Bloomberg expanded the eligibility for inclusion in the index to nearly 6,000 companies across 84 countries and regions.

"The 325 companies included in the 2020 GEI have shown their commitment to transparency and demonstrated leadership in gender-related data reporting," said Peter T. Grauer, Chairman of Bloomberg. "Disclosure of company statistics and practices is an important first step in supporting gender equality globally."

Through disclosure of gender-related metrics using the GEI framework, the firms included in the 2020 GEI have provided a comprehensive look at their investment in workplace gender equality and the communities in which they operate. Primerica was included in this year's index for scoring at or above a global threshold established by Bloomberg to reflect a high level of disclosure and overall performance across the framework's five pillars.

Both the framework and the GEI are voluntary and have no associated costs. The GEI is a reference index and is not for use as a financial benchmark. The index is not ranked. While all public companies are encouraged to disclose supplemental gender data for their company's investment profile on the Bloomberg Terminal, those that have a market capitalization of USD1 billion are eligible for inclusion in the index.
