SiriusXM Introduces Newest Dock and Play Radio - the Onyx EZR

SiriusXM's latest dock and play product boasts new features and capabilities; Delivers SiriusXM's 150+ channels in an easy to use way

NEW YORK, June 13, 2017 /PRNewswire/ -- SiriusXM today introduced its newest dock and play radio – the Onyx EZR – which delivers several new features at an entry-level price.

The Onyx EZR features a larger display than its predecessor, the Onyx EZ, with improved resolution and selectable background and text options that allow for better viewing in all lighting conditions. It also offers a split screen option that enables the user to view what's on the current channel in one pane, and simultaneously see what's playing on their other favorite channels in the second pane. Another improvement over the Onyx EZ is the addition of TuneMix™, which allows Onyx EZR users to listen to a mix of songs from across several of their favorite channels.

The Onyx EZR delivers subscribers all of SiriusXM's 150-plus satellite-delivered channels of world class programming, including commercial-free music from virtually every genre, plus Howard Stern, and a wide range of entertainment, news, comedy, live sports and more. Like all of SiriusXM's dock and play radios, it is simple to install and easily transferable between a vehicle, home, office or outside the home with available accessories.

"The SiriusXM Onyx EZR is an excellent step up in usability, featuring several new capabilities at an entry-level price," said Joe Verbrugge, Executive Vice President, Emerging Business, SiriusXM. "We're pleased to offer new and existing subscribers this exciting new radio, which will deliver both SiriusXM's robust programming lineup and an excellent user experience."

Other features on the SiriusXM Onyx EZR allow users to:

- Operate the radio while driving by using its ergonomically designed and easily

identifiable buttons.

- Browse and preview channels by category.
- Easily connect to a vehicle or home sound system.
- Set parental controls.
- Operate the radio from a distance using a remote control.

SiriusXM's "All Access" audio package, its most extensive programming offering, includes Howard Stern, every NFL, MLB®, and NBA game, every NASCAR® race, plus NHL® games, PGA TOUR® coverage and live college sports, as well as SiriusXM's wide variety of commercial-free music, plus talk programming, comedy and several exclusive online-only channels. All-Access subscribers also get access to SiriusXM programming outside the vehicle on the SiriusXM app and online at www.SiriusXM.com.

SiriusXM Onyx EZR is available now at retail locations and online stores nationwide, including Amazon, Best Buy, Crutchfield, and <https://shop.siriusxm.com/> with a MSRP of \$79.99. The Onyx EZR can be purchased with a vehicle kit or home kit. Additional accessories are available at shop.siriusxm.com.

This communication contains "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Such statements include, but are not limited to, statements about future financial and operating results, our plans, objectives, expectations and intentions with respect to future operations, products and services; and other statements identified by words such as "will likely result," "are expected to," "will continue," "is anticipated," "estimated," "believe," "intend," "plan," "projection," "outlook" or words of similar meaning. Such forward-looking statements are based upon the current beliefs and expectations of our management and are inherently subject to significant business, economic and competitive uncertainties and contingencies, many of which are difficult to predict and generally beyond our control. Actual results and the timing of events may differ materially from the results anticipated in these forward-looking statements.

The following factors, among others, could cause actual results and the timing of events to differ materially from the anticipated results or other expectations expressed in the forward-looking statements: our substantial competition, which is likely to increase over time; our ability to attract and retain subscribers, which is uncertain; interference to our service from wireless operations; consumer protection laws and their enforcement; unfavorable outcomes of pending or future litigation; the market for music rights, which is changing and subject to uncertainties; our dependence upon the auto industry; general economic conditions; the security of the personal information about our customers; existing or future government laws and regulations could harm our business; failure of our satellites would significantly damage our business; the interruption or failure of our information technology and communications systems; our failure to realize benefits of acquisitions or other strategic initiatives; rapid technological and industry changes; failure of third parties to perform; our failure to comply with FCC requirements; modifications to our business plan; our indebtedness; our principal stockholder has significant influence over our affairs and over actions requiring stockholder approval and its interests may differ from interests of other holders of our common stock; impairment of our business by third-party intellectual property rights; and changes to our dividend policies which could occur at any time. Additional factors that could cause our results to differ materially from those described in the forward-looking statements can be found in our Annual Report on Form 10-K for the year ended December 31, 2016, which is filed with the Securities and Exchange Commission (the "SEC") and available at the SEC's Internet site (<http://www.sec.gov>). The information set forth herein speaks only as of the date hereof, and we disclaim any intention or obligation to update any forward looking statements as a result of developments occurring after the date of this communication.
