

## **SiriusXM and Civil Air Patrol Team Up To Deliver SiriusXM Aviation Weather to Civil Air Patrol's Fleet of Equipped Aircraft**

**NEW YORK and MAXWELL AIR FORCE BASE, AL – August 25, 2022** – SiriusXM and Civil Air Patrol (CAP), the official auxiliary of the U.S. Air Force, announced today that they have teamed up to deliver SiriusXM's satellite-delivered Aviation Weather and information services to CAP's entire fleet of equipped aircraft.

With more than 58,000 volunteers serving America's communities, saving lives, and shaping futures, CAP operates the world's largest fleet of single-engine aircraft for search and rescue, to support other local, state, and federal agencies as requested for disaster response, homeland security training, and for its own aerospace education and youth aviation initiatives.

"SiriusXM's satellite-provided weather service is an ideal tool for Civil Air Patrol missions," said Michael Nunemaker, CAP Chief of Safety. "SiriusXM Aviation is especially valuable as a part of our strategic weather information toolset where ground-based services may not be able to provide the weather information our pilots need to make decisions."

"We are very proud to be supporting Civil Air Patrol with our SiriusXM Aviation Weather services," said Dave Wasby, VP & GM, Aviation, Marine and Music for Business. "SiriusXM is in full support of CAP's mission, so we are delighted to provide our weather and information for their pilots' decision-making from coast to coast and from taxi to touchdown."

Civil Air Patrol's pilots flying with SiriusXM Aviation Weather have access to important features that include high-resolution composite radar updating every 2.5 minutes, 2.5 minute updates for lightning strike locations – both cloud-to-cloud and cloud-to-ground, METARs and TAFs, and Temporary Flight Restrictions.

SiriusXM Aviation provides pilots with weather and related information that ADS-B (Automatic Dependent Surveillance – Broadcast) cannot deliver including no line-of-sight restrictions, no altitude limitations and continuous coverage coast-to-coast. SiriusXM Aviation and its information and data is not for "safety for life," but is merely supplemental and advisory in nature, and should not be relied upon as safety critical in connection with any aircraft.

###

### **About Civil Air Patrol**

Established in 1941, Civil Air Patrol is the official auxiliary of the U.S. Air Force and as such is a member of its Total Force. In its auxiliary role, CAP operates a fleet of 555 single-engine aircraft and 2,250 small Unmanned Aircraft Systems (sUAS) and performs about 90% of all search and rescue operations within the contiguous United States as tasked by the Air Force Rescue Coordination Center. Often using innovative cellphone forensics and radar analysis software, CAP was credited by the AFRCC with saving more than 100 lives last year. CAP's 58,000 members also perform homeland security, disaster relief and drug interdiction missions at the request of federal, state, and local agencies. As a nonprofit organization, CAP plays a leading role in aerospace education using national academic standards-based STEM (science, technology, engineering, and math) education resources. Members also serve as mentors to 24,000 young people participating in CAP's Cadet Programs. ### **About SiriusXM**

Sirius XM Holdings Inc. (NASDAQ: SIRI) is the leading audio entertainment company in North America, and the premier programmer and platform for subscription and digital advertising-supported audio products. SiriusXM's platforms collectively reach approximately 150 million listeners, the largest digital audio audience across paid and free tiers in North America, and deliver music, talk, news, comedy, entertainment and podcasts. SiriusXM offers the most extensive lineup of professional and college sports in audio. Pandora, a subsidiary of SiriusXM, is the largest ad-supported audio entertainment streaming service in the U.S. SiriusXM's subsidiaries Stitcher, Simplecast and AdsWizz make it a leader in podcast hosting, production, distribution, analytics and monetization. The Company's advertising sales arm, SXM Media, leverages its scale, cross-platform sales organization, and ad tech capabilities to deliver results for audio creators and advertisers. SiriusXM, through Sirius XM Canada Holdings, Inc., also offers satellite radio and audio entertainment in Canada. In addition to its audio entertainment businesses, SiriusXM offers connected vehicle services to automakers. For more about SiriusXM, please go to: [www.siriusxm.com](http://www.siriusxm.com).

*This communication contains "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Such statements include, but are not limited to, statements about future financial and operating results, our plans, objectives, expectations and intentions with respect to future operations, products and services; and other statements identified by words such as "will likely result," "are expected to," "will continue," "is anticipated," "estimated," "believe," "intend," "plan," "projection," "outlook" or words of similar meaning. Such forward-looking statements are based upon the current beliefs and expectations of our management and are inherently subject to significant business, economic and competitive uncertainties and contingencies, many of which are difficult to predict and generally beyond our control. Actual results and the timing of events may differ materially from the results anticipated in these forward-looking statements.*

*The following factors, among others, could cause actual results and the timing of events to differ materially from the anticipated results or other expectations expressed in the forward-looking statements: we have been, and may continue to be, adversely affected by supply chain issues as a result of the global semiconductor supply shortage; we face substantial competition and that competition is likely to increase over time; if our efforts to attract and retain subscribers and listeners, or convert listeners into subscribers, are not successful, our business will be adversely affected; we engage in extensive marketing efforts and the continued effectiveness of those efforts is an important part of our business; we rely on third parties for the operation of our business, and the failure of third parties to perform could adversely affect our business; we may not realize the benefits of acquisitions and other strategic investments and initiatives; the ongoing COVID-19 pandemic has introduced significant uncertainty to our business; a substantial number of our Sirius XM service subscribers periodically cancel their subscriptions and we cannot predict how successful we will be at retaining customers; our ability to profitably attract and retain subscribers to our Sirius XM service as our marketing efforts reach more price-sensitive consumers is uncertain; our business depends in part on the auto industry; failure of our satellites would significantly damage our business; our Sirius XM service may experience harmful interference from wireless operations; our Pandora ad-supported business has suffered a substantial and consistent loss of monthly active users, which may adversely affect our Pandora business; our failure to convince advertisers of the benefits of our Pandora ad-supported service could harm our business; if we are unable to maintain revenue growth from our advertising products our results of operations will be adversely affected; changes in mobile operating systems and browsers may hinder our ability to sell advertising and market our services; if we fail to accurately predict and play music, comedy or other content that our Pandora listeners enjoy, we may fail to retain existing and attract new listeners; privacy and data security laws and regulations may hinder our ability to market our services, sell advertising and impose legal liabilities; consumer protection laws and our failure to comply with them could damage our business; failure to comply with FCC requirements could damage our business; if we fail to protect the security of personal information about our customers, we could be subject to costly government enforcement actions and private litigation and our reputation could suffer; interruption or failure of our information technology and communications systems could impair the delivery of our service and harm our business; the market for music rights is changing and is subject to significant uncertainties; our Pandora services depend upon maintaining complex licenses with copyright owners, and these licenses contain onerous terms; the rates we must pay for "mechanical rights" to use musical works on our Pandora service have increased substantially and these new rates may adversely affect our business; failure to protect our intellectual property or actions by third parties to enforce their intellectual property rights could substantially harm our business and operating results; some of our services and technologies may use "open source" software, which may restrict how we use or distribute our services or require that we release the source code subject to those licenses; rapid technological and industry changes and new entrants could adversely impact our services; we have a significant amount of indebtedness, and our debt contains certain covenants that restrict our operations; we are a "controlled company" within the meaning of the NASDAQ listing rules and, as a result, qualify for, and rely on, exemptions from certain corporate governance requirements; while we currently pay a quarterly cash dividend to holders of our common stock, we may change our dividend policy at any time; our principal stockholder has significant influence, including over actions requiring stockholder approval, and its interests may differ from the interests of other holders of our common stock; if we are unable to attract and retain qualified personnel, our business could be harmed; our facilities could be damaged by natural catastrophes or terrorist activities; the unfavorable outcome of pending or future litigation could have an adverse impact on our operations and financial condition; we may be exposed to liabilities that other entertainment service providers would not customarily be subject to; and our business and prospects depend on the strength of our brands. Additional factors that could cause our results to differ materially from those described in the forward-looking statements can be found in our Annual Report on Form 10-K for the year ended December 31, 2021, and our Quarterly Report on Form 10-Q for the quarterly period ended March 31, 2022, which are filed with the Securities and Exchange Commission (the "SEC") and available at the SEC's Internet site (<http://www.sec.gov>). The information set forth herein speaks only as of the date hereof, and we disclaim any intention or obligation to update any forward looking statements as a result of developments occurring after the date of this communication.*
