DiaMedica Therapeutics to Participate in the BTIG Biotechnology Conference 2022

MINNEAPOLIS--(BUSINESS WIRE)-- DiaMedica Therapeutics Inc. (Nasdaq: DMAC), a clinical-stage biopharmaceutical company focused on developing novel treatments for neurological disorders and kidney diseases, today announced that the company's management team will be participating in one-on-one meetings at the upcoming BTIG Biotechnology Conference, which is taking place both virtually and at the St. Regis New York Hotel in New York City, August 8-9, 2022.

For those interested in meeting with DiaMedica at the conference, please reach out to your BTIG representative to schedule a meeting.

About DiaMedica Therapeutics

DiaMedica Therapeutics Inc. is a clinical stage biopharmaceutical company committed to improving the lives of people suffering from serious diseases. DiaMedica's lead candidate DM199 is the first pharmaceutically active recombinant form of the human tissue kallikrein-1 protein (KLK1), an established therapeutic modality for the treatment of acute ischemic stroke and chronic kidney disease.
